Smurf Village, on this beautiful summer afternoon, seems to be the most peaceful place in the world.

Heavens to smurf!  
He's doing it again!

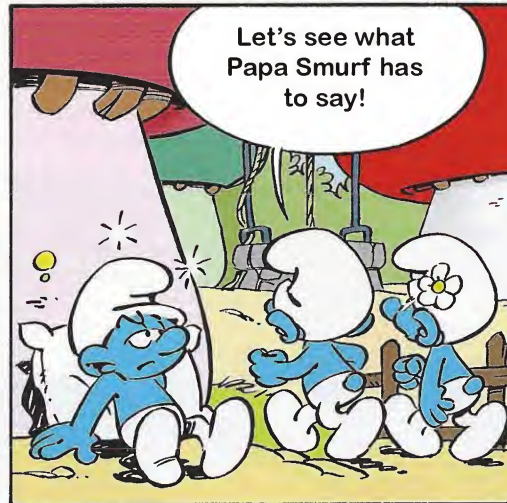

Every time I hang my  
laundry to dry, you smurf  
a fire. Put it out  
right now!

Out of the question! I lit my fire  
while you smurfed your  
laundry!

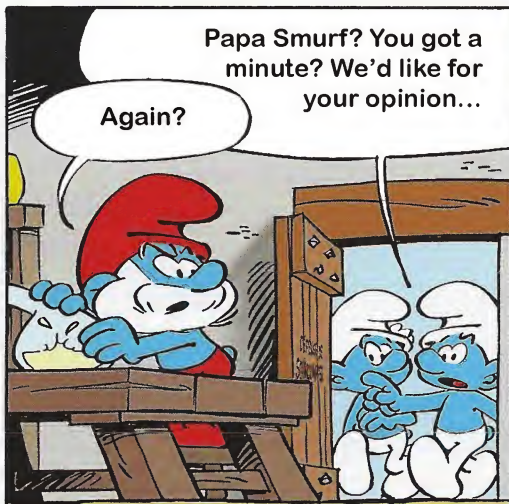

You're such  
a bad Smurf!

Let's see what  
Papa Smurf has  
to say!

There we go...  
The red cinnabar is  
smurfing under the retort  
neck! And now...

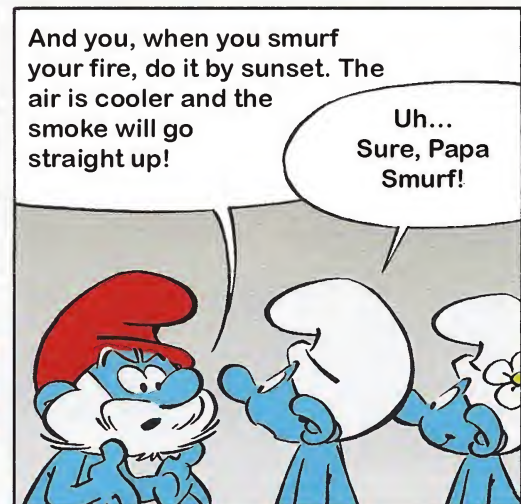

Papa Smurf? You got a  
minute? We'd like for  
your opinion...

Again?

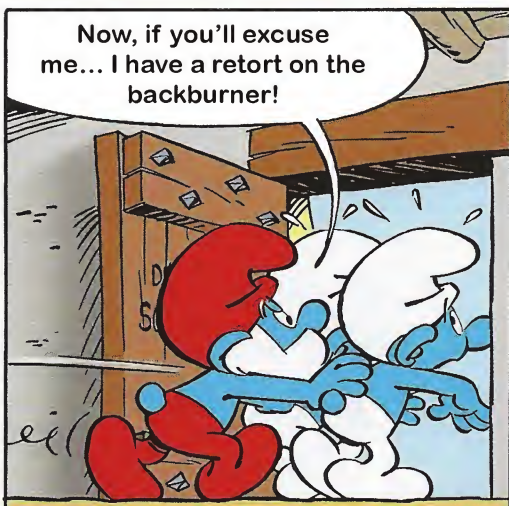

A minute later...

You, for the next time, should  
smurf your laundry in the  
morning. The laundry will  
already be dry in the  
afternoon!

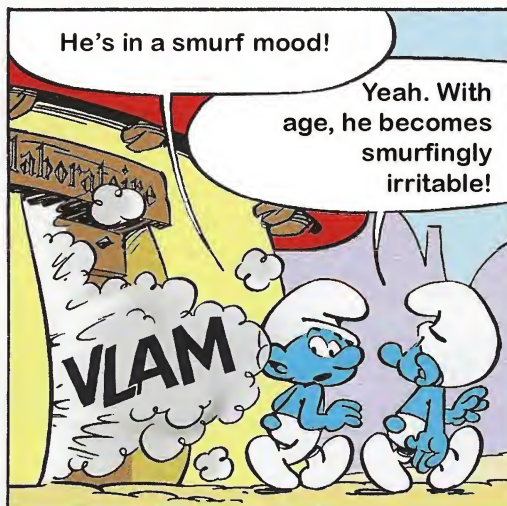

And you, when you smurf  
your fire, do it by sunset. The  
air is cooler and the  
smoke will go  
straight up!

Uh...  
Sure, Papa  
Smurf!

Now, if you'll excuse  
me... I have a retort on the  
backburner!

He's in a smurf mood!

Yeah. With  
age, he becomes  
smurfingly  
irritable!

Whew!  
Quiet at  
last!

OH NO! You are not going to smurf my ears!

But... it will soon be the summer fair! I must smurf my lessons.

Go smurf them deep in the woods and leave me alone!

Or else what? An hour of your nap has passed!

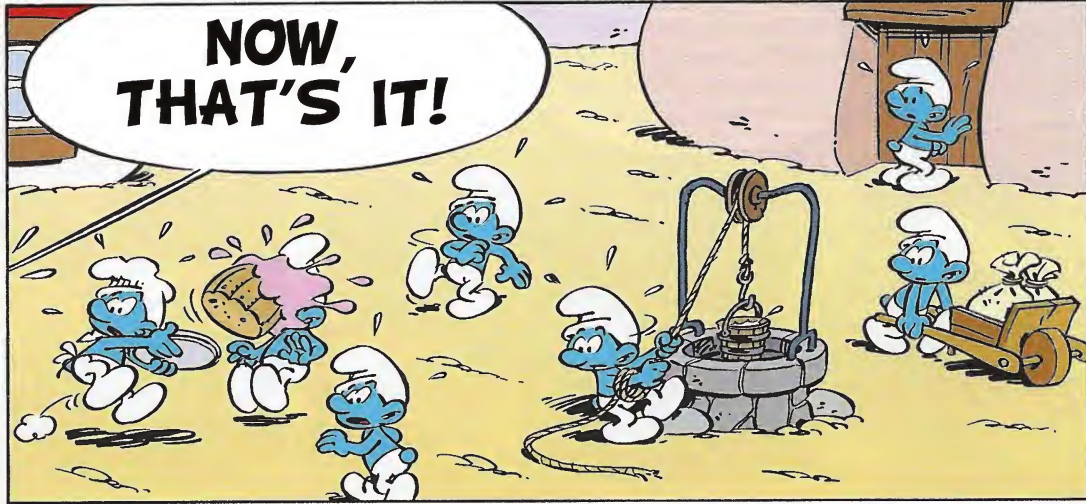

I'm telling Papa Smurf!

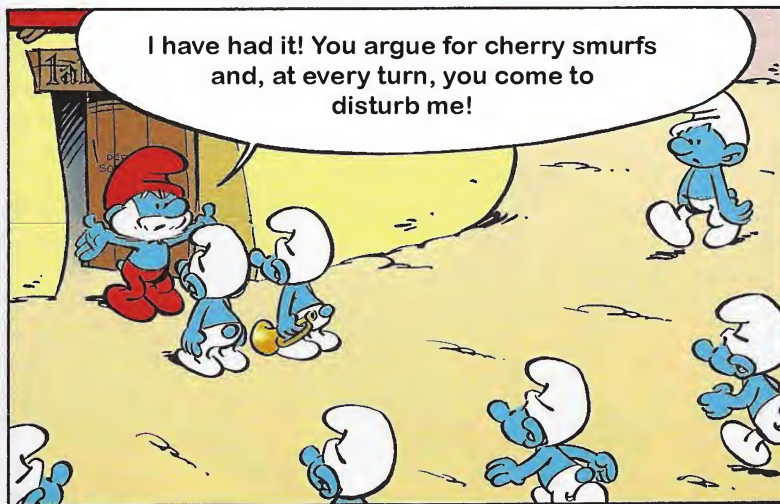

Me too!

**NOW,  
THAT'S IT!**

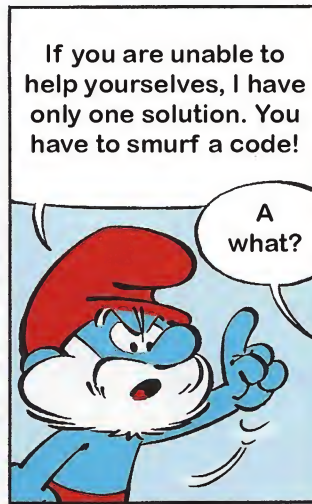

I have had it! You argue for cherry smurfs and, at every turn, you come to disturb me!

If you are unable to help yourselves, I have only one solution. You have to smurf a code!

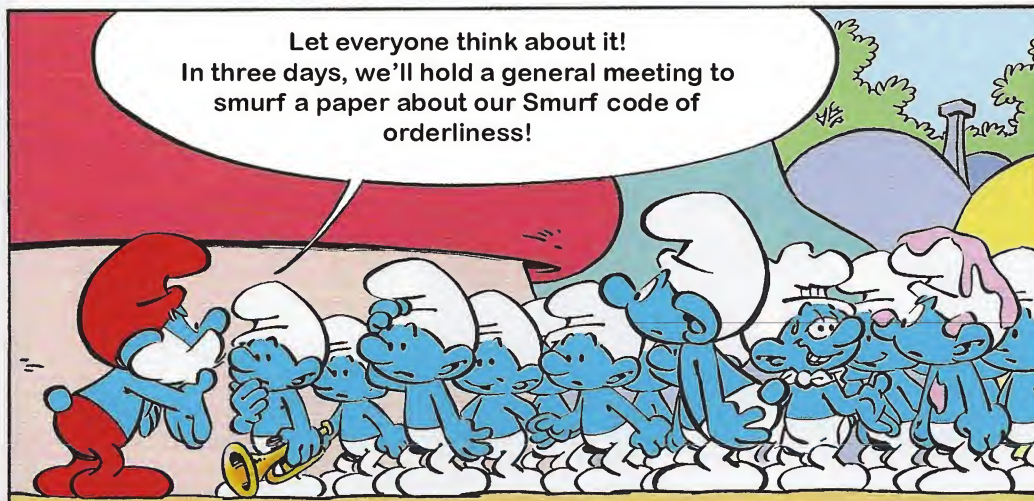

A what?

A rulebook to smurf on what is allowed and what is prohibited! It will avoid quarrels.

Let everyone think about it! In three days, we'll hold a general meeting to smurf a paper about our Smurf code of orderliness!

No buts! They will end up making me smurf!

For the following days, the whole village thinks about "regulations" and especially "prohibition" ...

It's forbidden to smurf across my field, for smurf's sake!

Forbidden to smurf anything in the river!

Forbidden to smurf my raspberries while passing by!

**BZZRRRIIANG**  
Smurfing like that in the open air, it shouldn't be allowed!

Whew! Finished at last!

I look awful! All messed up! And my makeup is smurfing!

Hello, Smurfette!

No buts! It's forbidden to smurf your nose among the Smurfs!

I'm exhausted! I have to think about this code, it's smurf-portant!

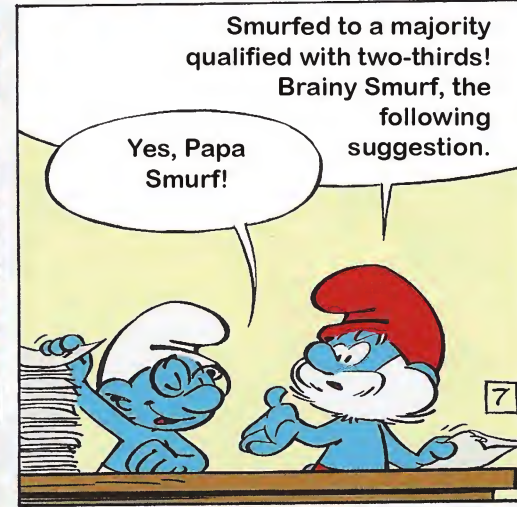

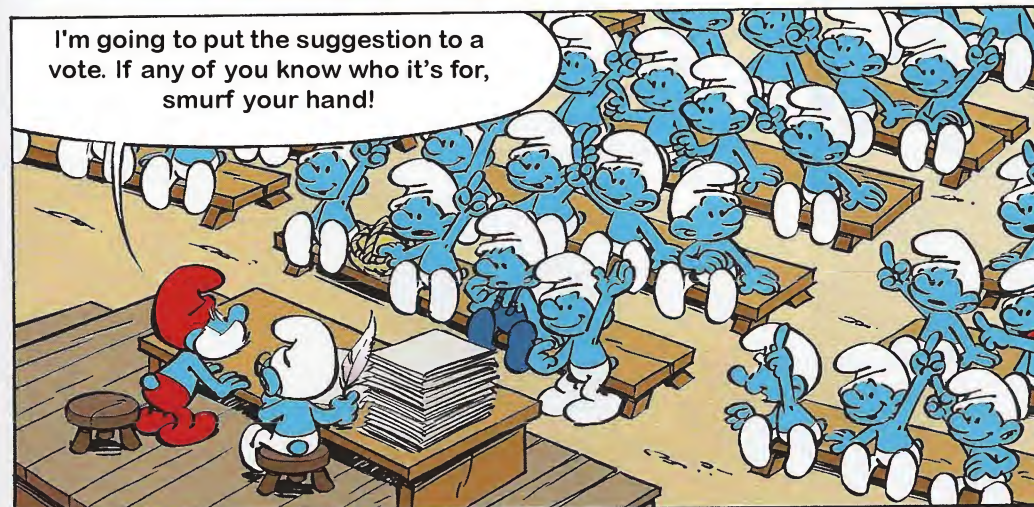

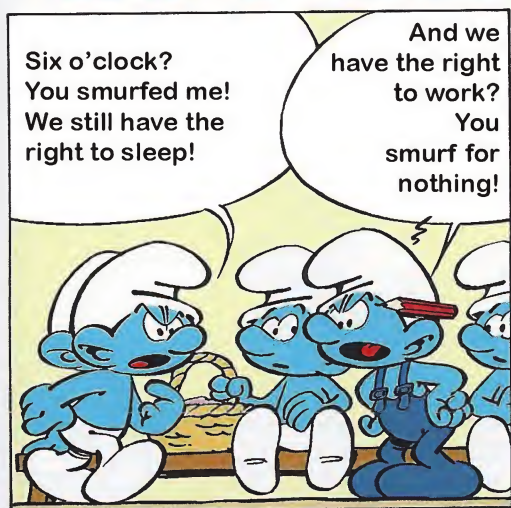

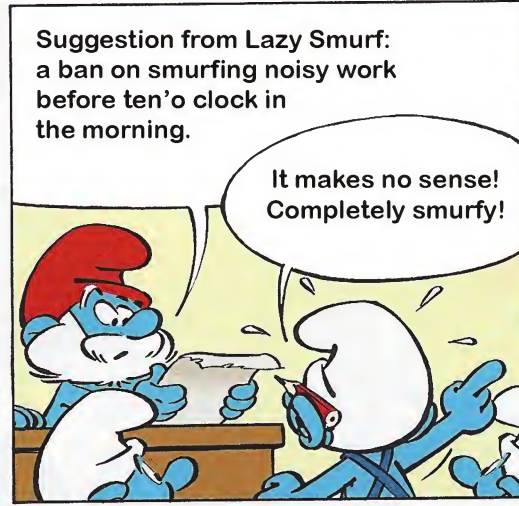

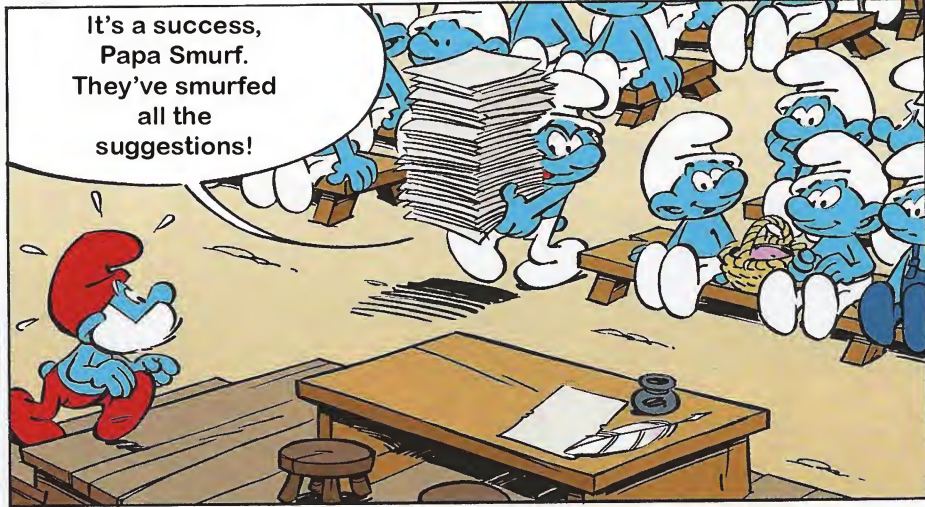

**BOUM BOUM BOUM**

Say... I have ideas to write for the code. Can you smurf me some ink?

Grr... It is forbidden to smurf on the doors at this hour!

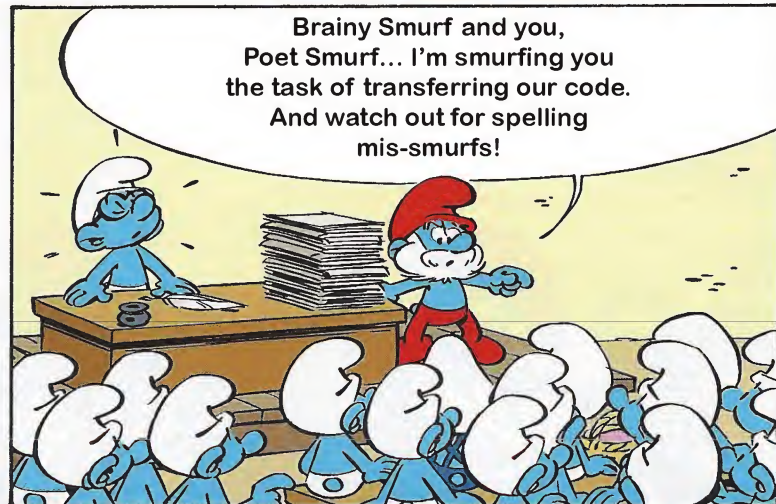

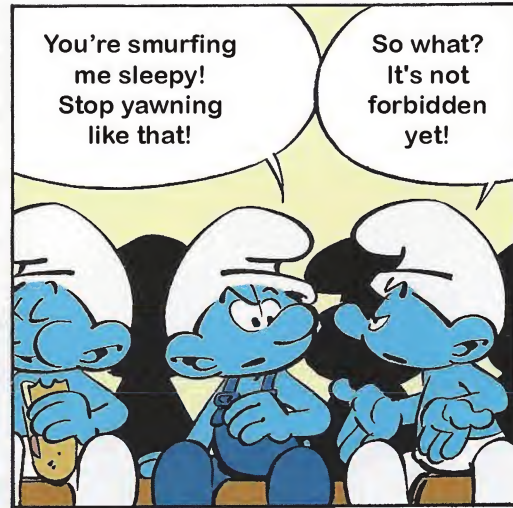

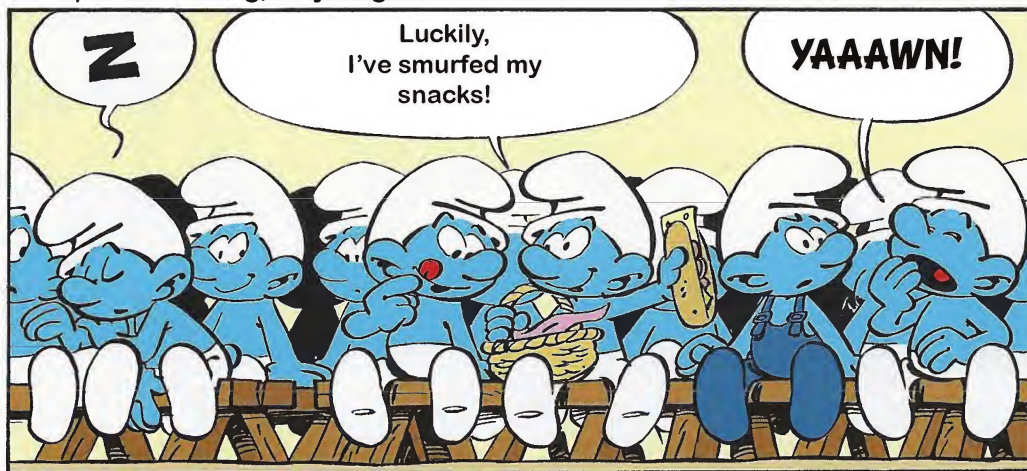

Finally, the writing of the code had begun.

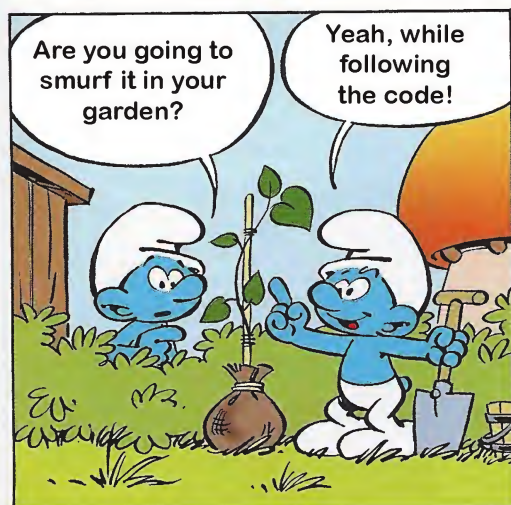

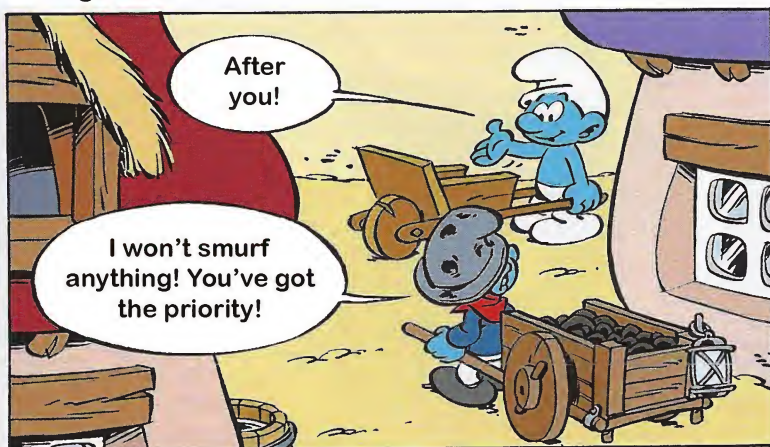

The process is long, very long...

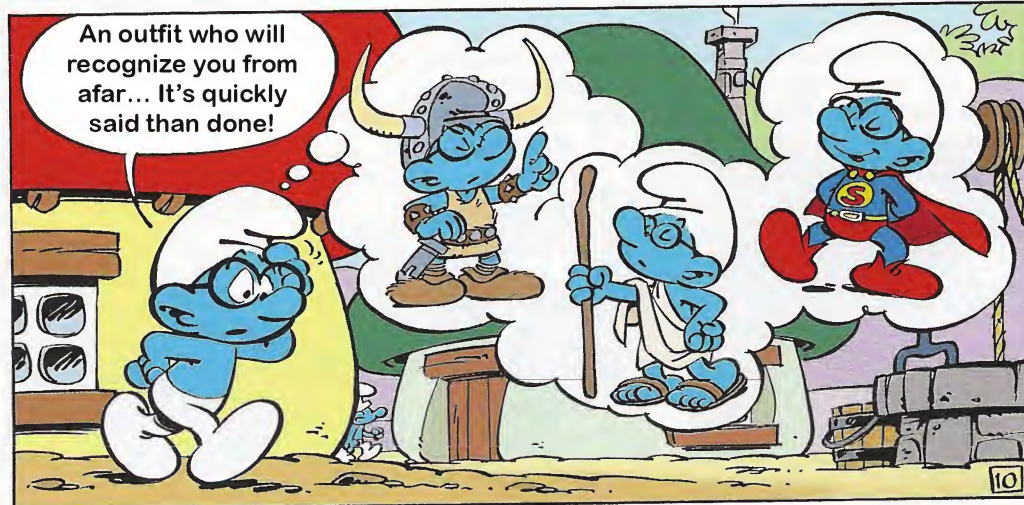

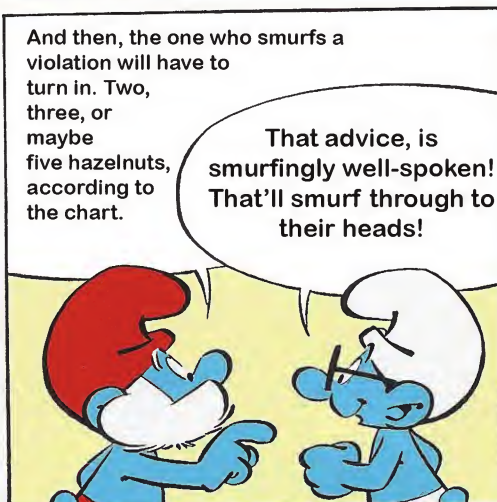

In the beginning, everyone goes to great lengths in testing the code...

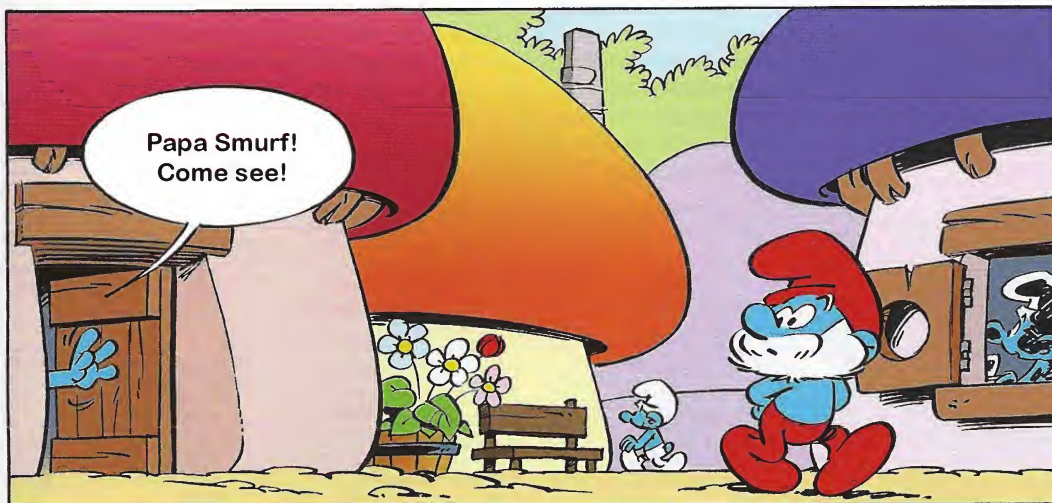

And whom, in addition, would smurf the respect... Hmm!

Yeah... Now, there's an idea!

Here we are... That should smurf the case!

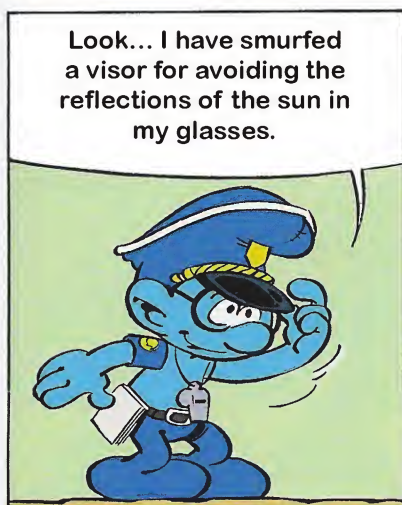

Papa Smurf! Come see!

TADAAA! Well? Isn't it smurfy, it's my costume?

Aaah yes! Very inventive!

Look... I have smurfed a visor for avoiding the reflections of the sun in my glasses.

The top is reinforced with iron mesh. We will never know, a bad cut is sure to quickly smurf!

Right here, I have a notebook for smurfing the fines...

And that, this is the greatest thing to get their attention...

TRIIIT!!

Well? It smurfs an impression, doesn't it?

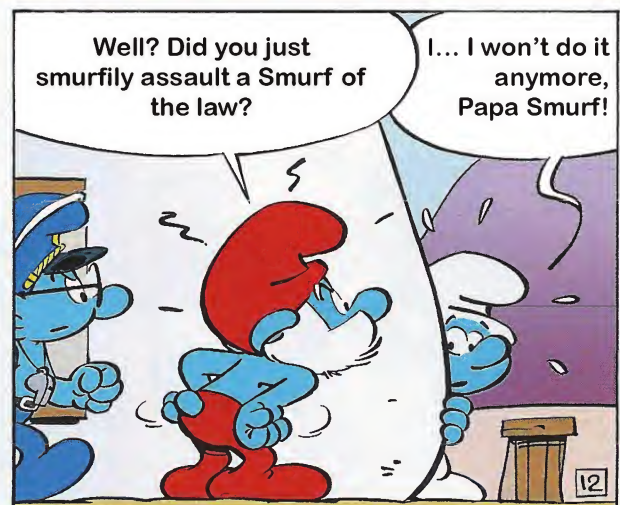

You could say that!

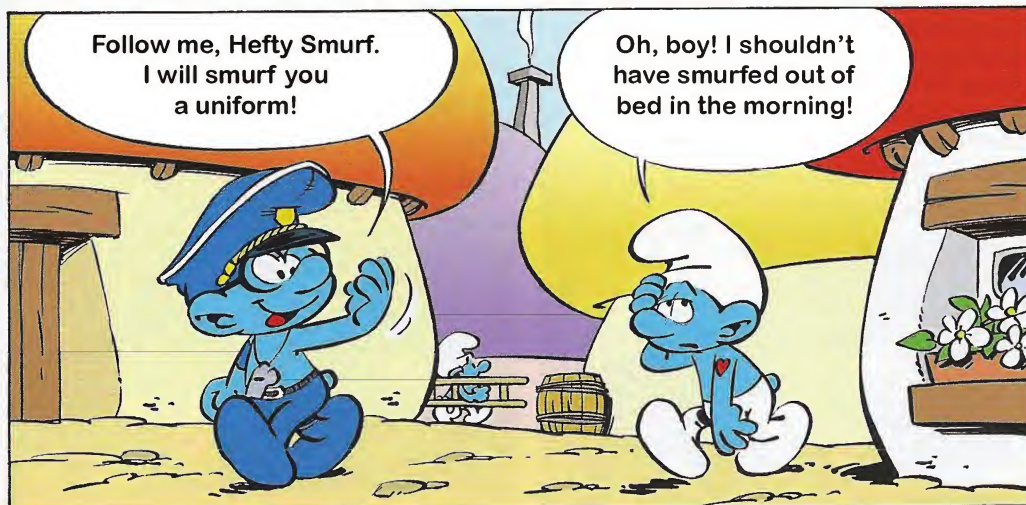

And now, I'm off to work!

Uh... Good smurf!

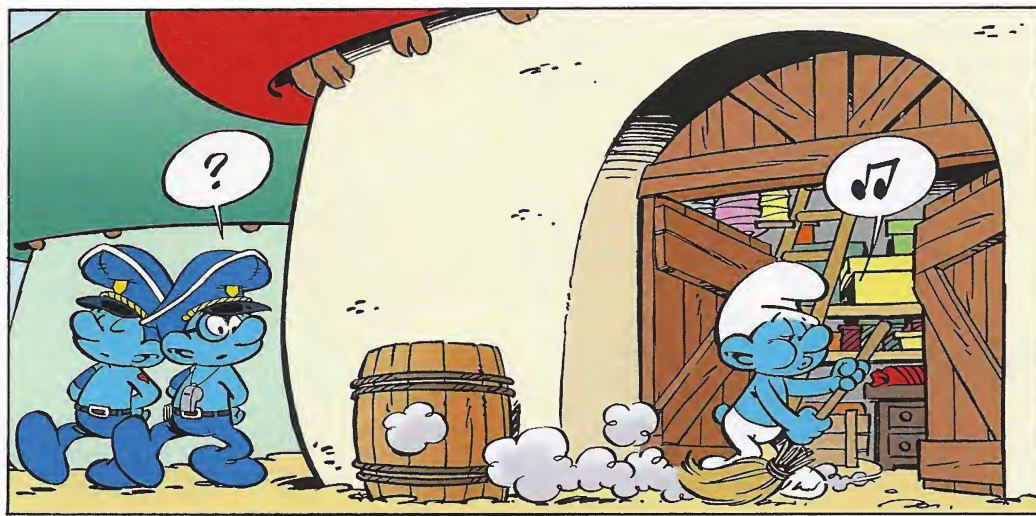

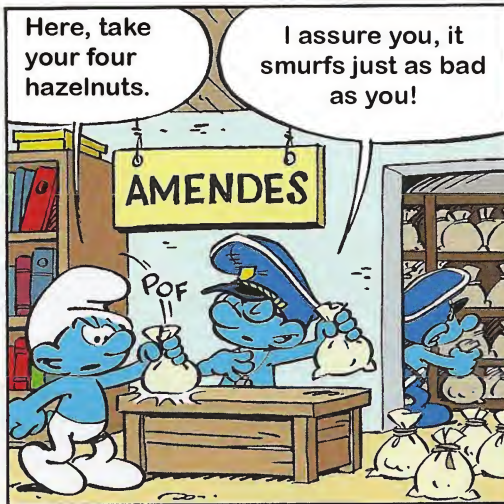

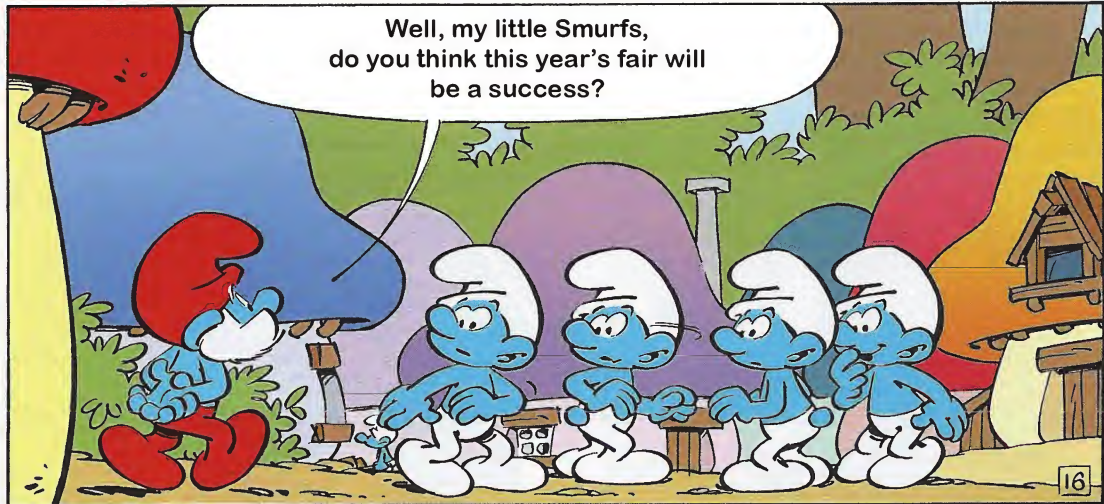

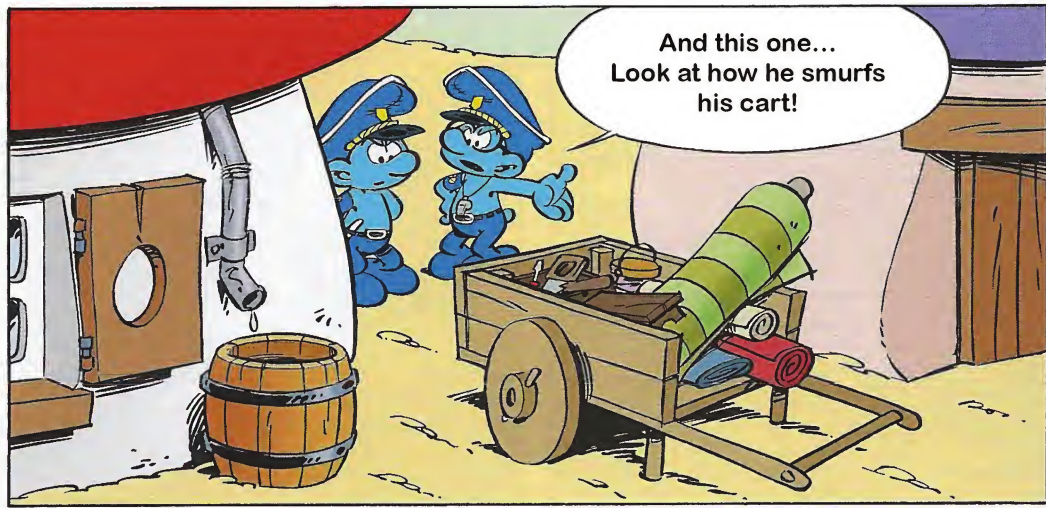

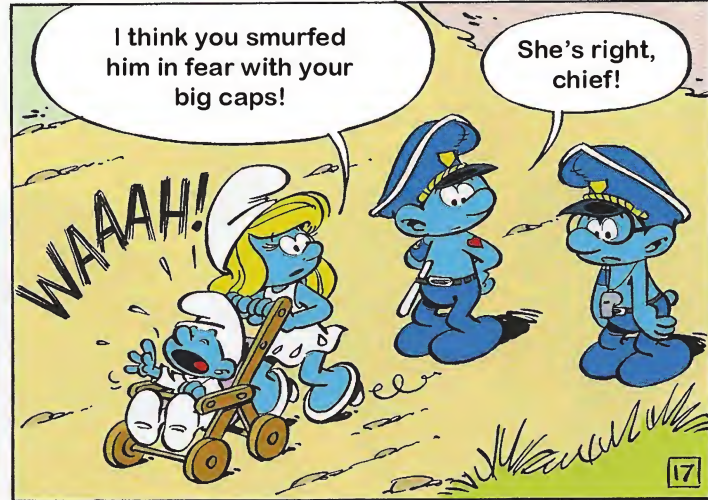

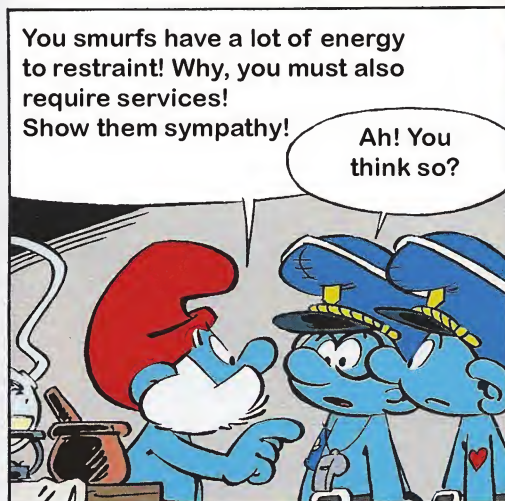

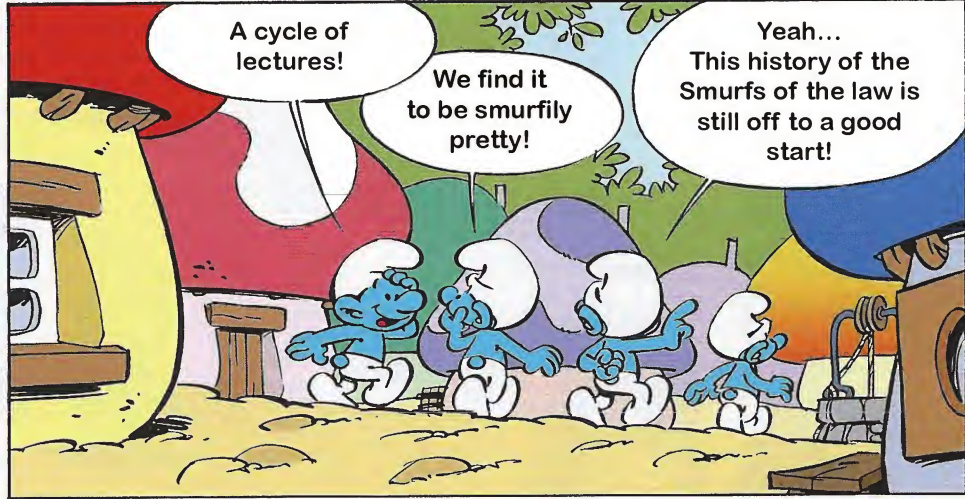

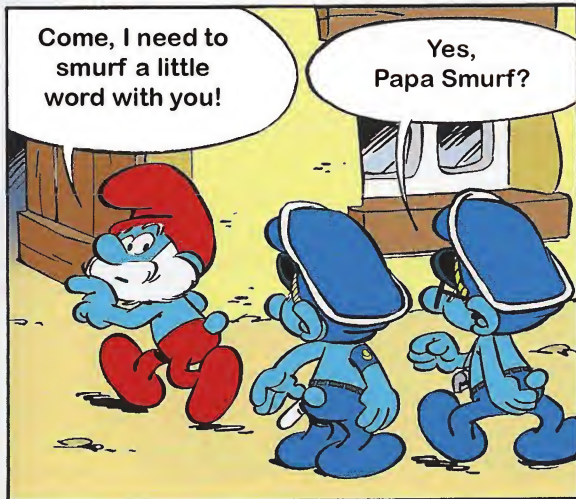

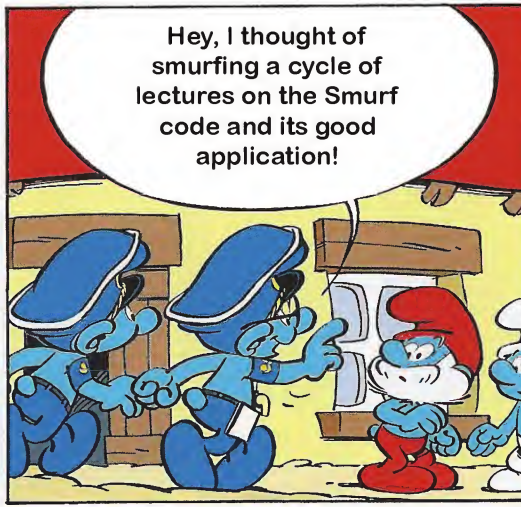

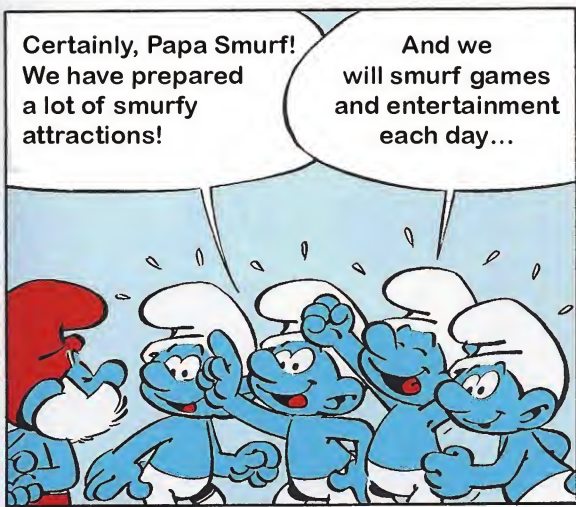

The two Smurfs of the law continued to work without fail...

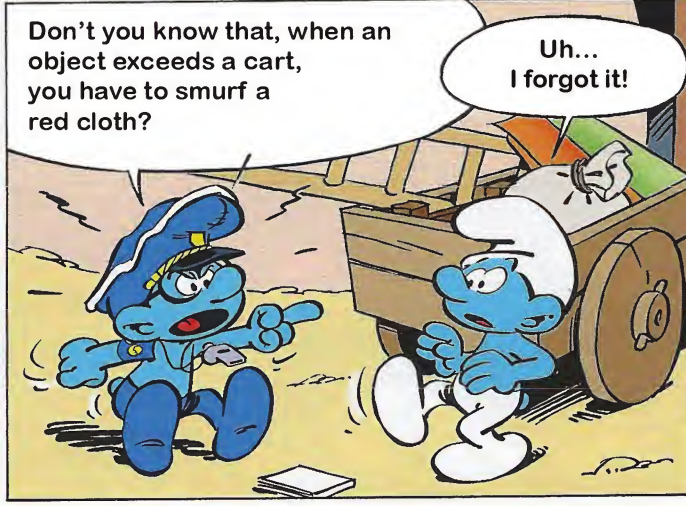

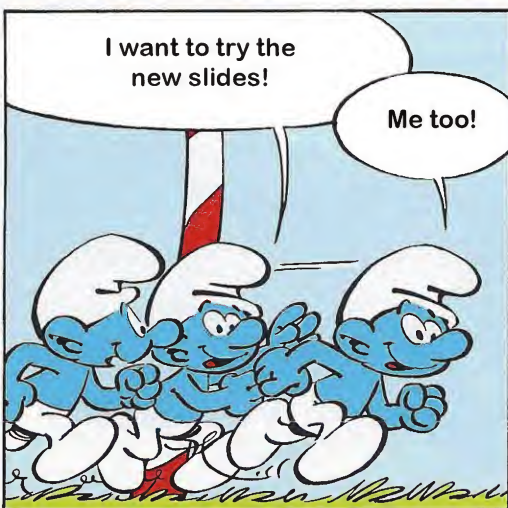

I declare the great summer fair of the Smurfs to be open!

Bravo!  
Bravo!

Hooray!

I want to try the new slides!

Me too!

TRRIIIT!

I don't want you to rush!  
When there's the law, there's discipline!  
Smurf-le file in three rows!

What a smurf of vinegar, that one is!

Ready?

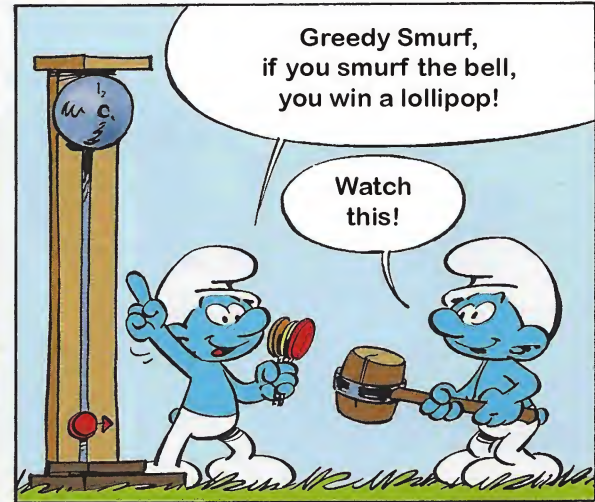

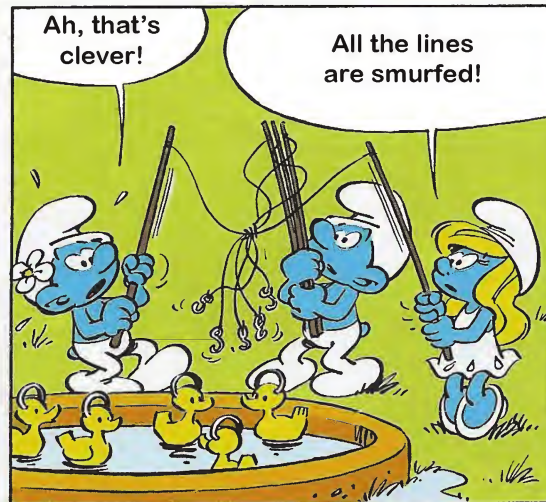

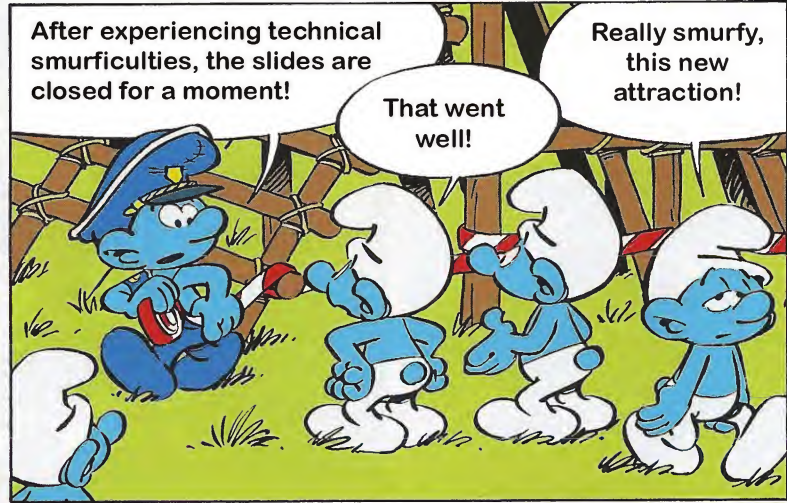

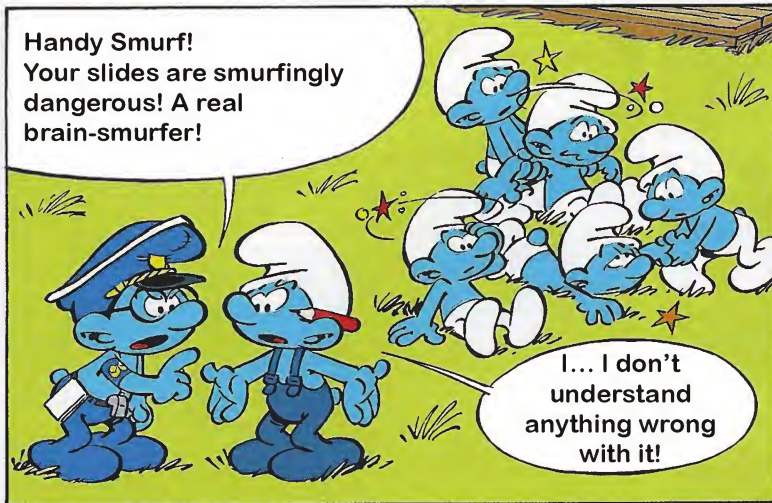

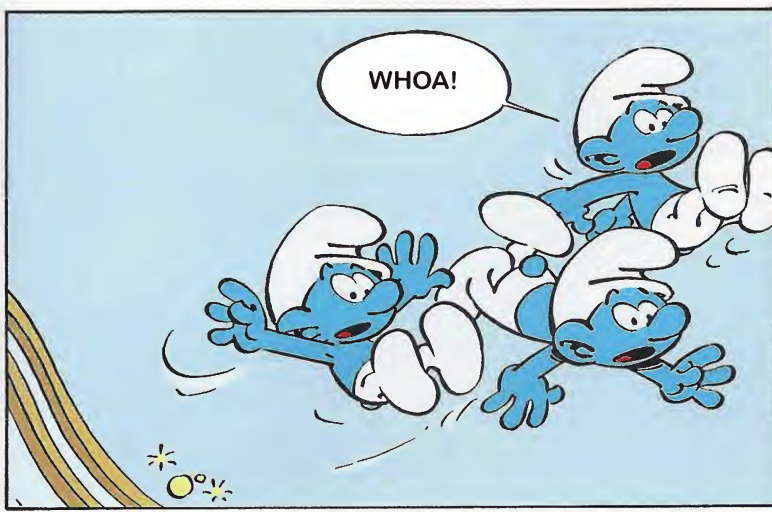

One, two, three...

Smurf!

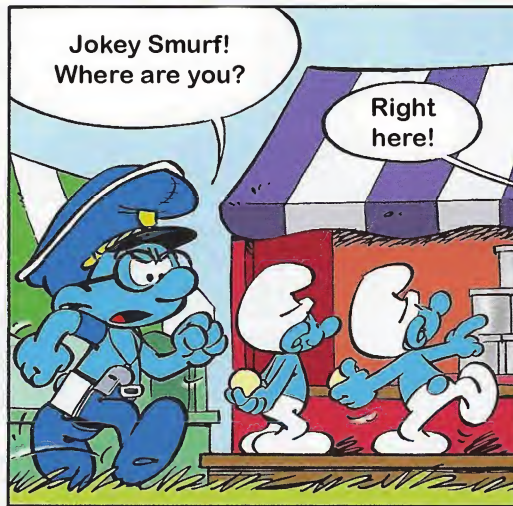

YEAAAAH!!

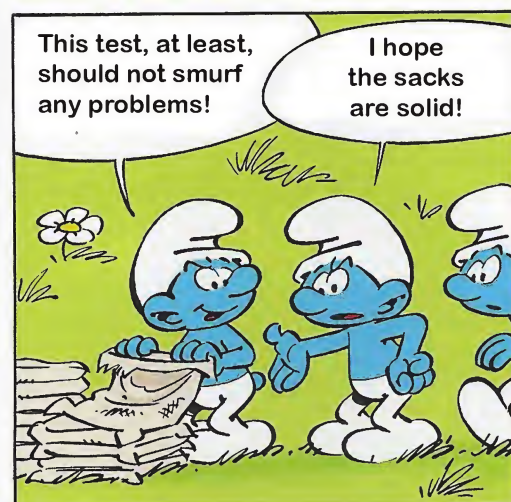

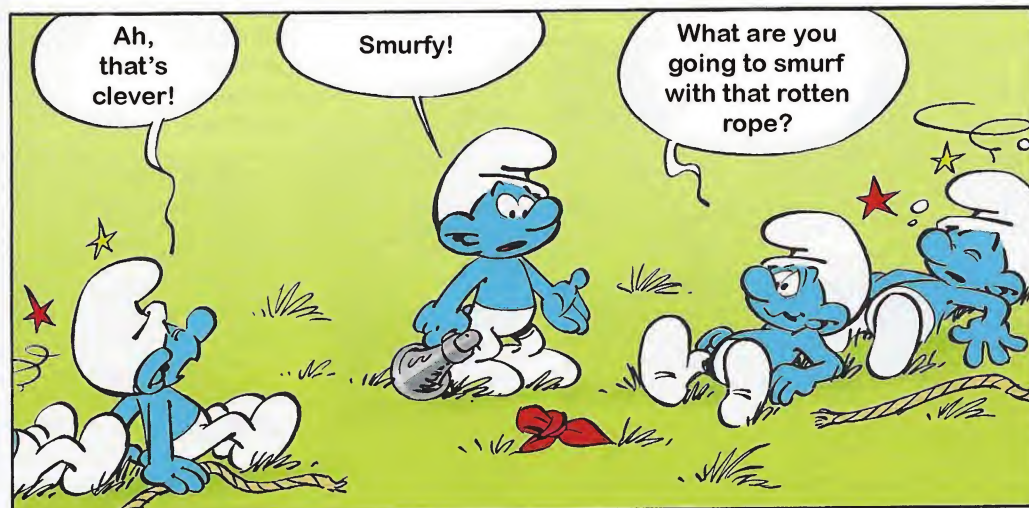

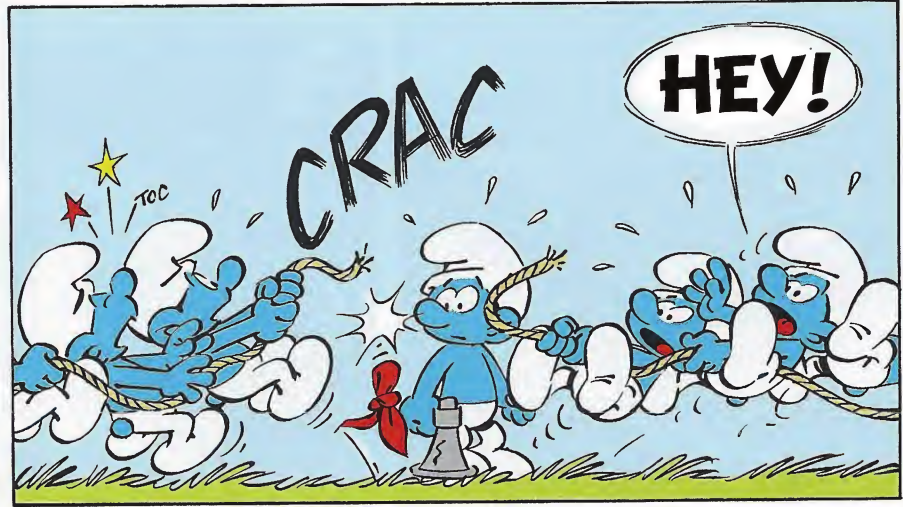

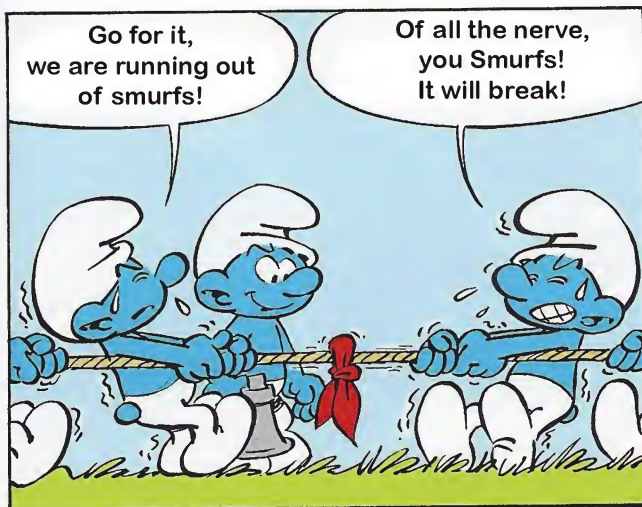

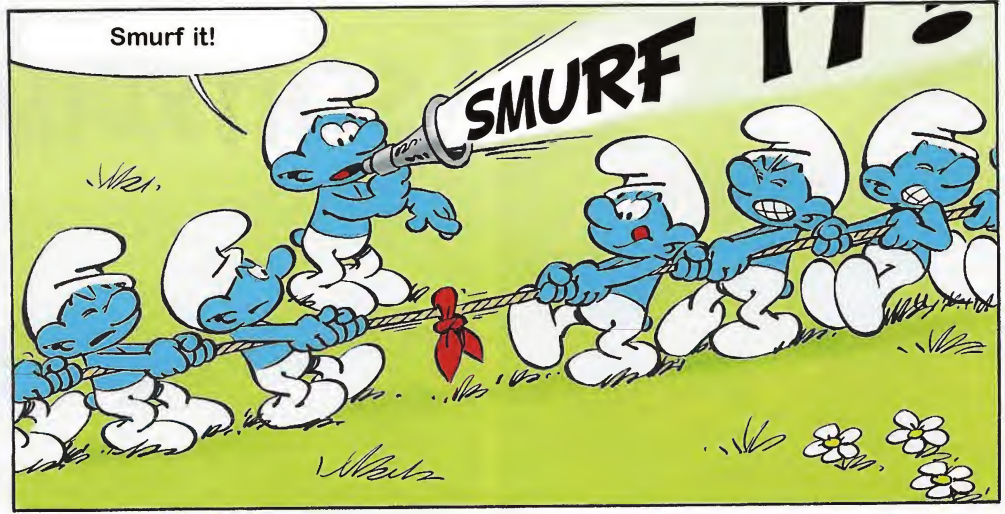

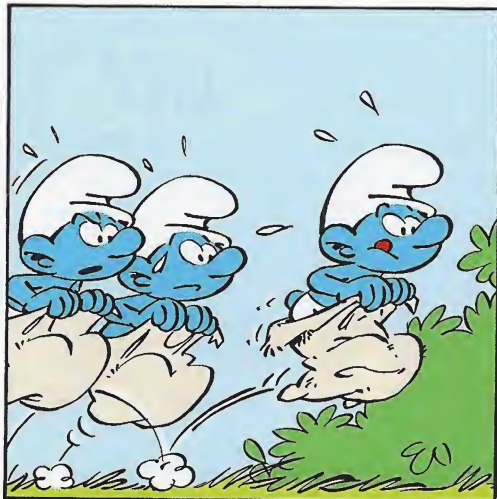

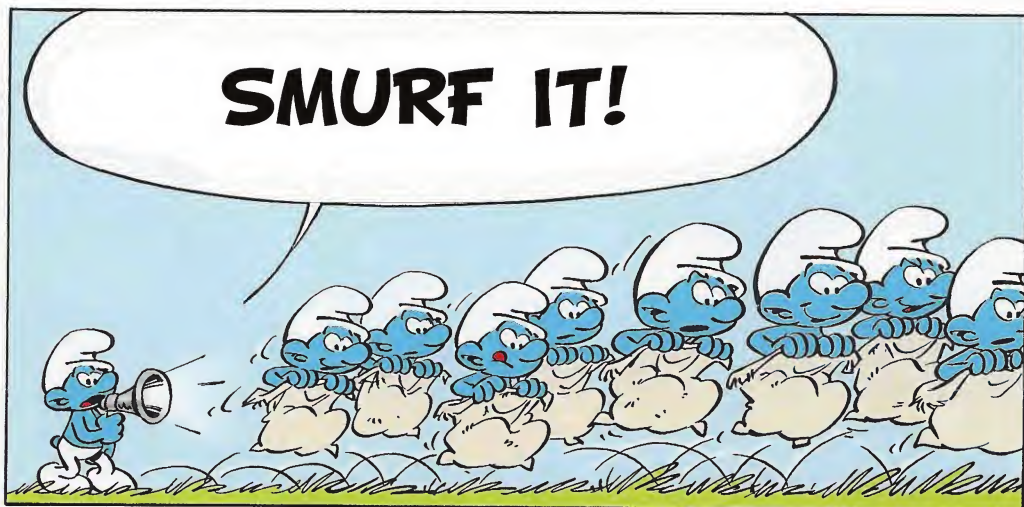

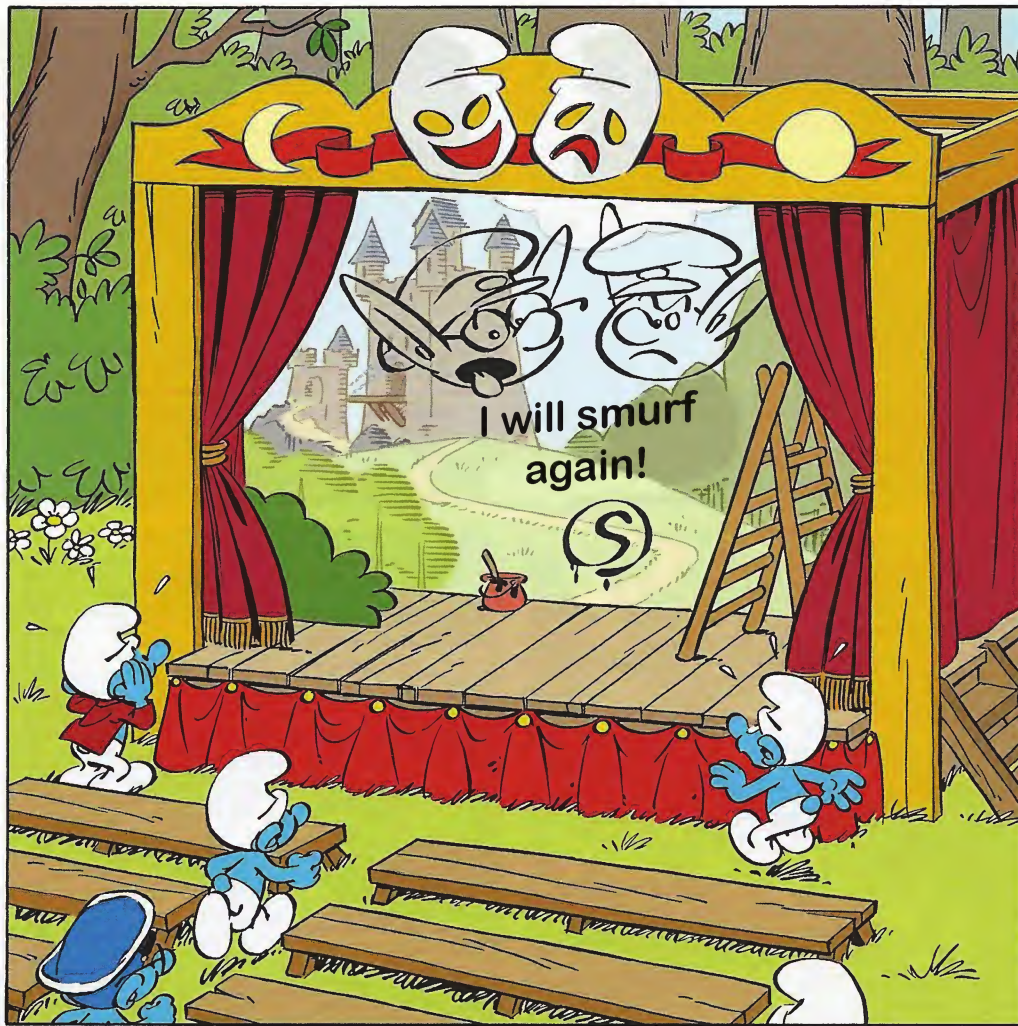

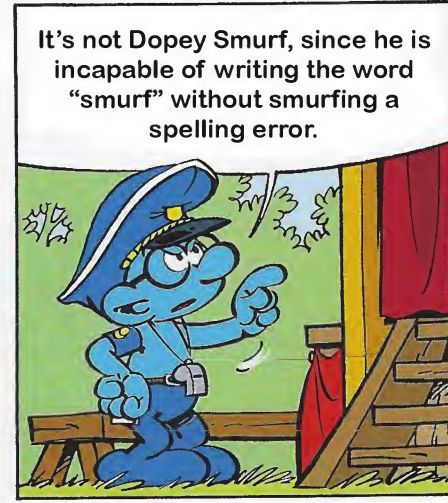

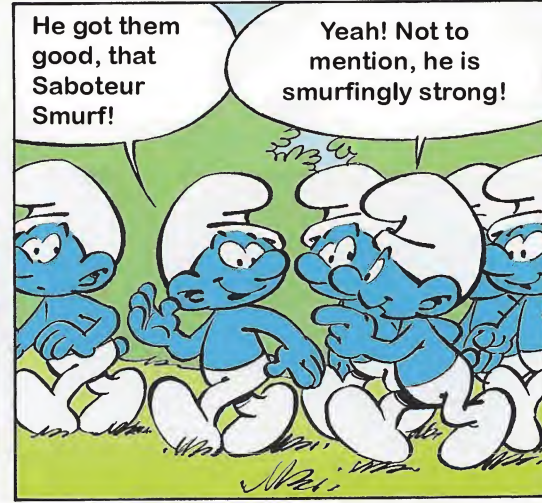

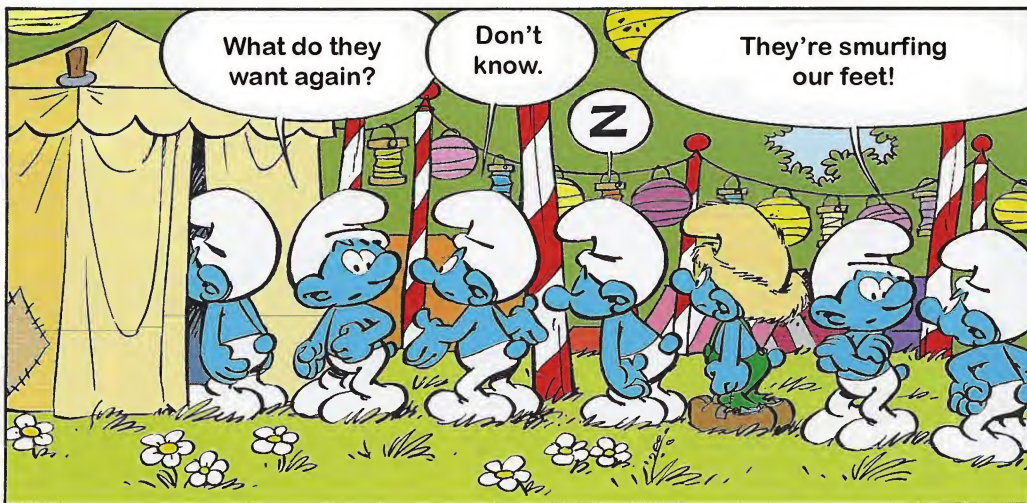

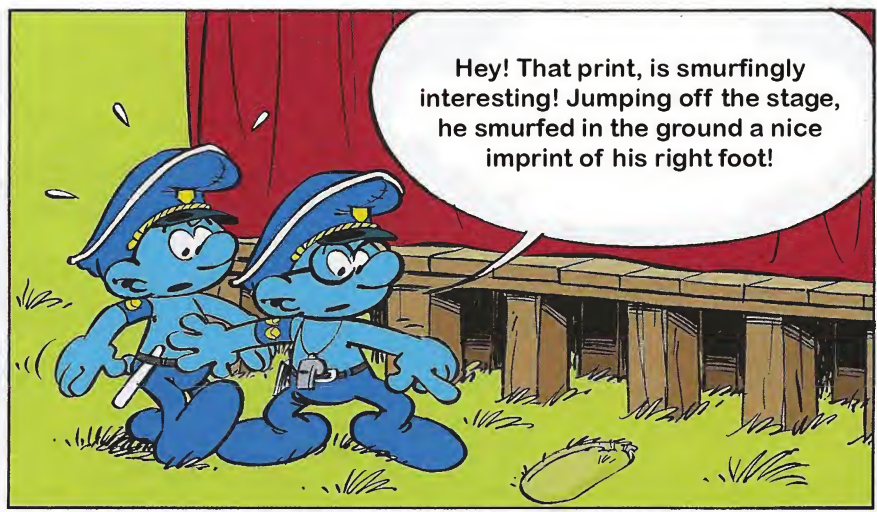

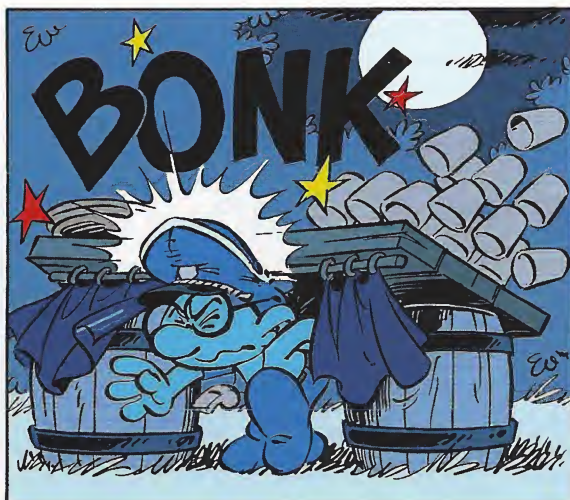

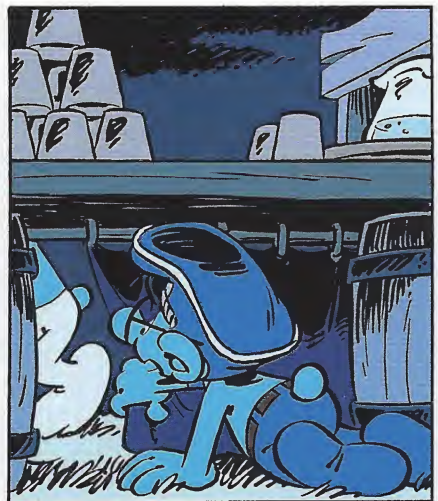

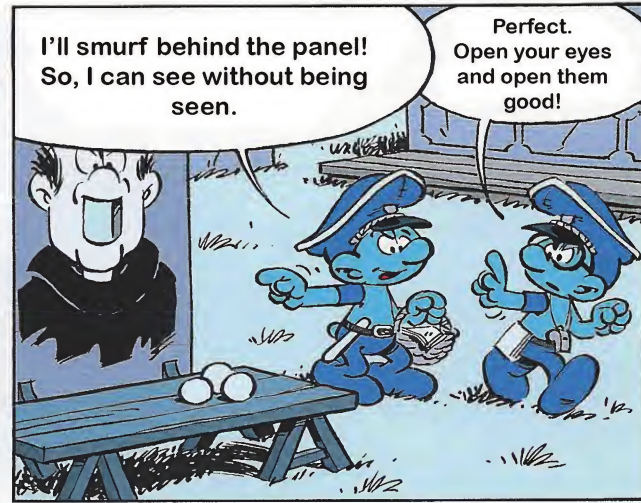

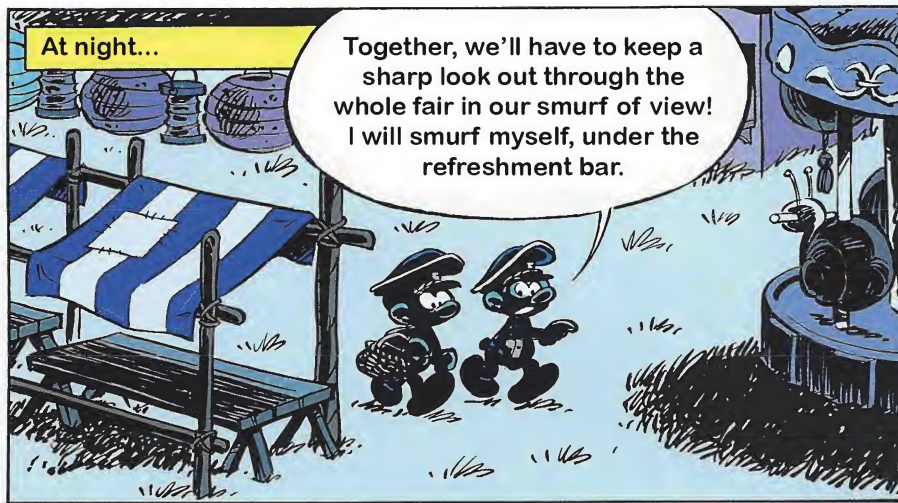

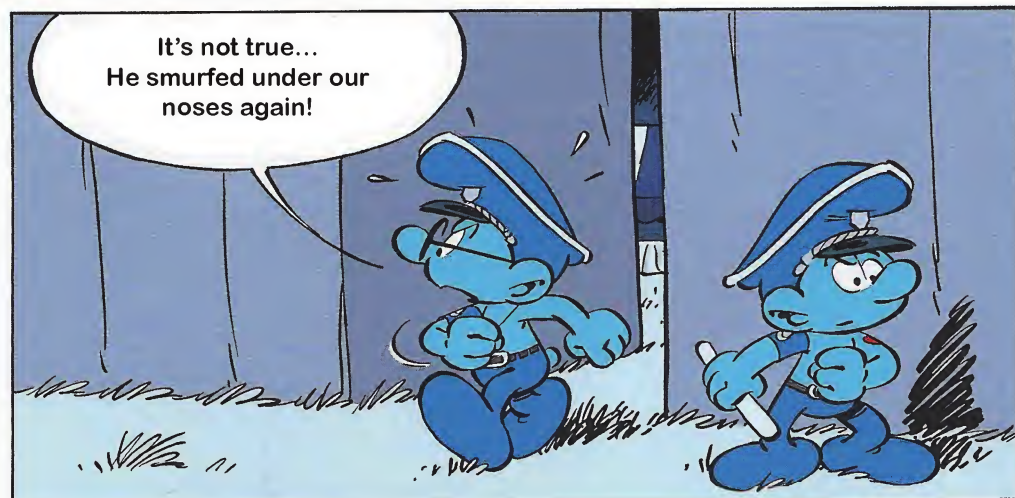

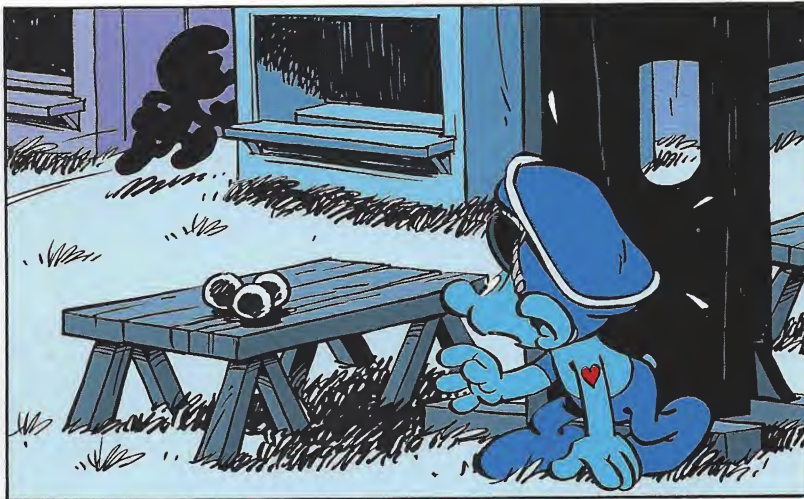

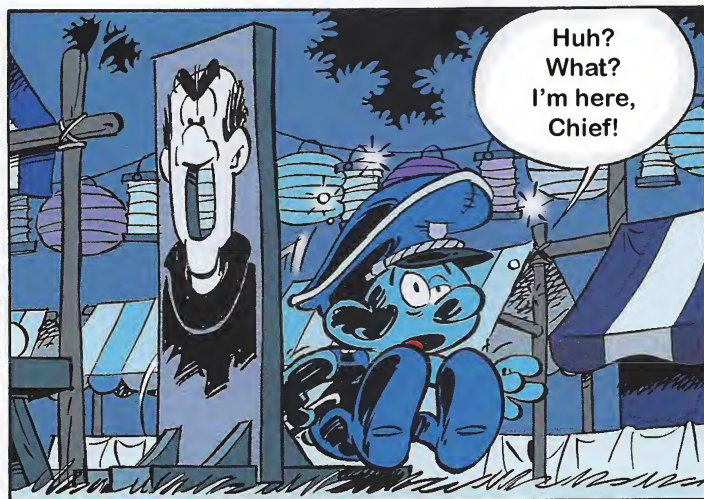

Honestly, Chief...  
I don't see a  
resemblance!

Go get some scissors!  
We should smurf it in pieces  
before someone sees them!

There... We have nothing left to smurf  
here. Let's go sleep  
for a few hours.

Yes, Chief.  
I'm beat!

Later...

He smurfs us like  
a donkey, Papa Smurf.  
I'm starting to lose hope!

By provoking him  
in return,  
we could smurf  
him a trap.  
But which one?

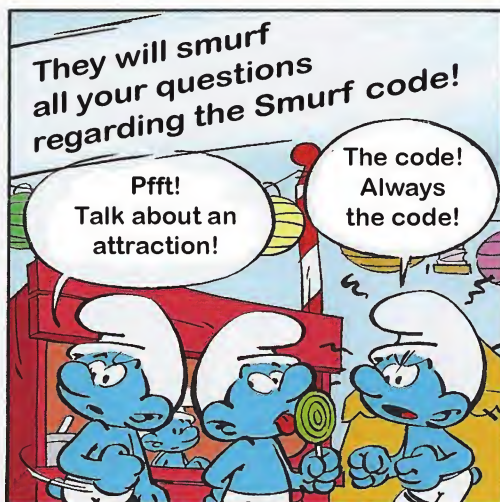

I have a plan you'd might be  
interested in. But you have to smurf  
all the hazelnuts you've collected!

?

In the afternoon, the fair resumed...

A message to all!  
The Smurfs of the law have  
invited you to their tent!

They will smurf  
all your questions  
regarding the Smurf code!

Pfft!  
Talk about an  
attraction!

The code!  
Always  
the code!

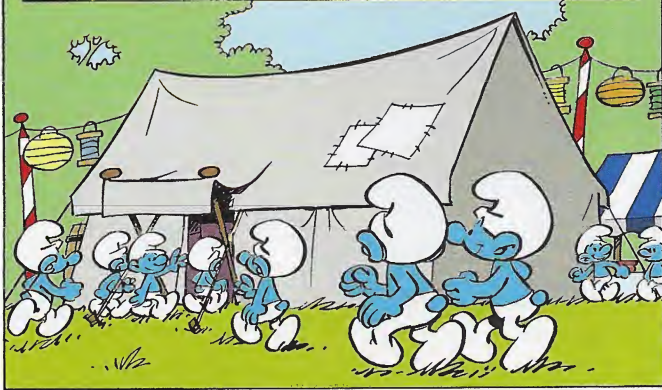

You can also  
taste their delicious  
hazelnut cream!

That part, is more  
interesting!

They owe us that  
much. The hazelnuts,  
they are from us  
where they have  
them smurfed!

The invitation from the Smurfs of the law was a great success...

It's delicious, this hazelnut cream!

And it also improves the intestines of a Smurf!

That's good, I feel a little bloated...

Wow, you surprise me, Greedy Smurf!

But Hefty Smurf stays alert.

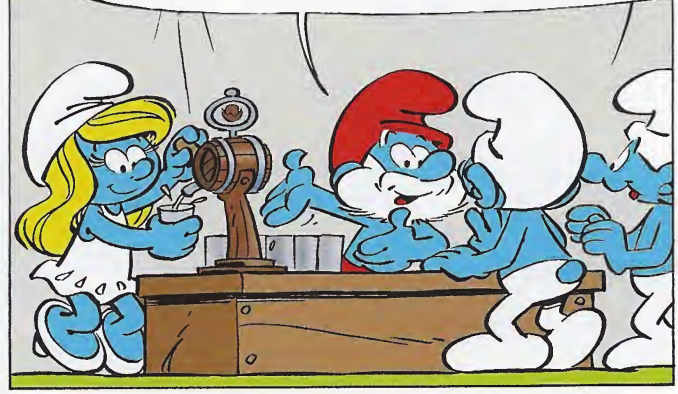

See anything?

No. Maybe he didn't dare to smurf anything today?

There will be hazelnut cream for everyone. We have smurfed a whole barrel!

Listen... A little bird must have smurfed on the tent!

Hmm... He has a strange song, this bird!

I'll go smurf outside, Chief!

Smurf out of my way!

Whoa! Watch it!

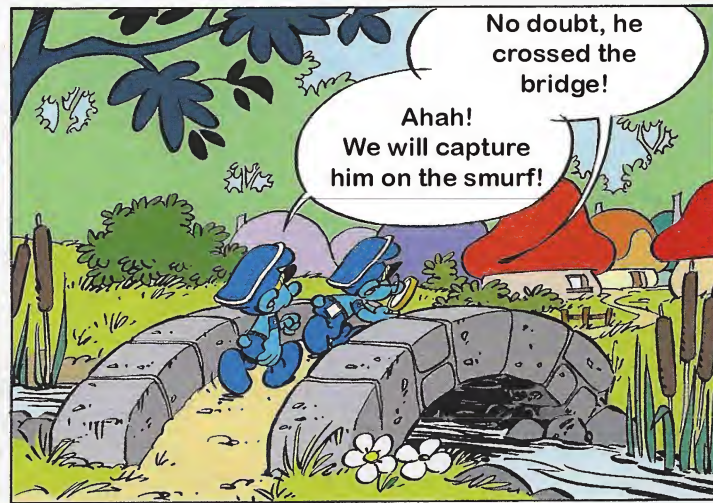

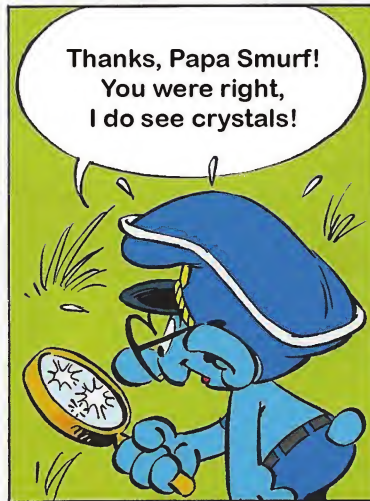

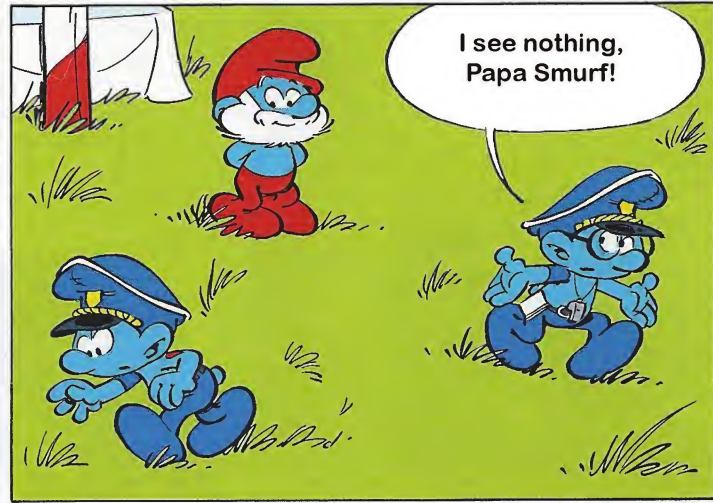

This noise is smurfing from the back...

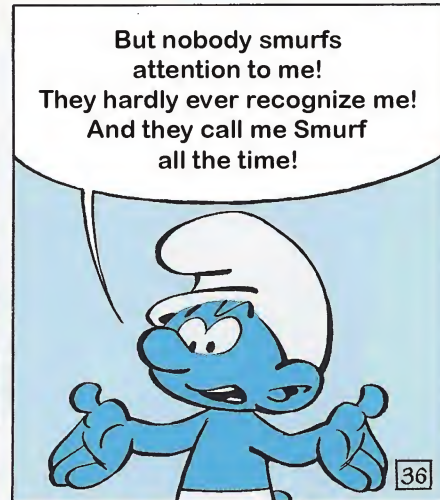

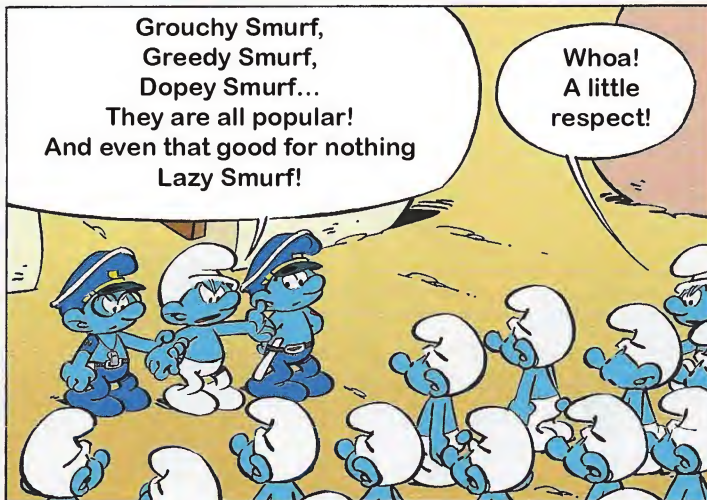

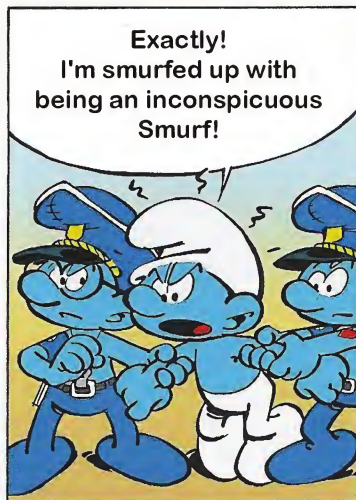

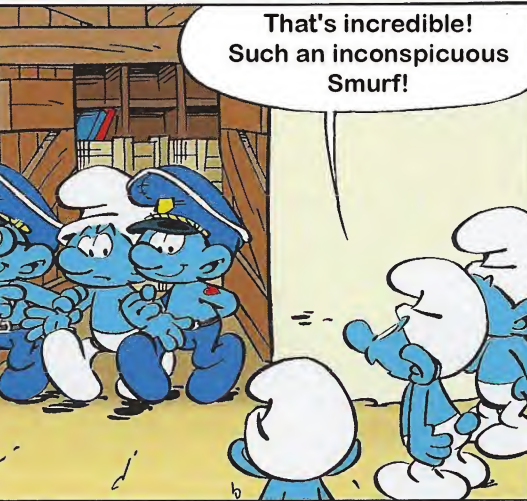

And better yet, who brings the lanterns for the parties?  
Who resmurfs them after?  
Who repairs them?  
It's me! But everyone smurfs that!

It's true.  
It's you  
who did  
all this!

But "Smurf  
who brings the lanterns  
for the parties  
and resmurfs them  
after", it's a bit long  
as a name!

For smurfing me with fines,  
they know me! I sweep the shed,  
I park my cart, I transport the  
material...  
Every time, it's  
for my smurf!

Really?  
Was it  
always  
you?

It  
didn't  
hit me!

But the fines, some try to escape it...  
Smurfette, Chef Smurf who offered the cakes...  
And Papa Smurf, of course!

Hmm...

Those words,  
they're true! It's  
always the little ones  
that are left smurfed!

If I understand correctly, you're  
frustrated because we didn't pay  
attention to you, except for smurfing  
you with fines. You believed of  
suffering an unfairness and you  
wanted to take revenge by provoking  
the Smurfs of the law!

Why, he sabotaged  
the fair!

Us too, we  
were given  
fines!

That's not  
a reason to annoy  
everyone!

Did you hear that?  
I won't give you the  
sponge this time...  
If you promise to stop  
your smurferies!

I...  
I promise!

And to smurf you a lesson,  
you will be deprived of hazelnuts  
until winter!

So, let's stop talking about it!  
Tomorrow, there will be a ball and big  
fireworks. I want everyone to smurf a  
good time.

You must smurf  
on your good  
behavior,  
Frustrated Smurf!

What?  
I don't want to be  
called Frustrated  
Smurf!

By tomorrow, peace has returned to the village. Until...

What is he smurfing again in the pantry, this one?

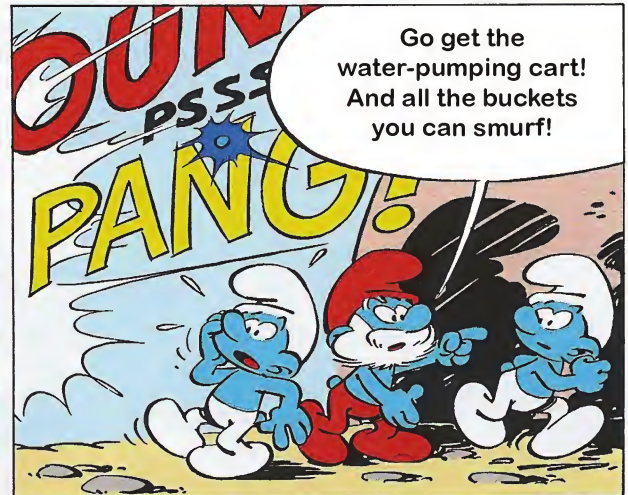

This Smurf with lanterns does not inspire me with confidence. I better smurf an eye on him!

Oh! Flames!

Quickly, we must...

PSSCCCHH

Alert!  
All the rockets have been smurfed!

At last, the explosions have stopped...

I think there are no more rockets!  
Let's go!

The fight against fire is long and painful.

Finally, at nightfall...

Everything is out,  
Papa Smurf!

The damage  
is serious!

Yep, the pantry  
is half smurfed!

Then again...  
How did this  
all start?

It's surely the  
Smurf with lanterns who  
smurfed the fire!

Me?  
You're crazy!

Don't smurf me that  
face! After you left  
the pantry, the air  
blew... Then,  
I saw the  
flames!

But I  
didn't smurf  
anything bad! I  
was going home,  
that's all!

Think about it! Did you smurf  
a lit candle behind  
you?

No, no,  
there's nothing  
burning!  
I'm innocent,  
Papa Smurf!

Liar!  
You are a smurfer,  
an arsonist!

We shouldn't have  
smurfed your  
confidence!

You've  
become a  
pariah to the  
Smurfs!

We're going to  
smurf you  
a good  
lesson!

Yeah!

Be calm, be calm!  
You're not going to smurf anything at all!  
It's late and we're all exhausted.  
We will talk about that tomorrow!

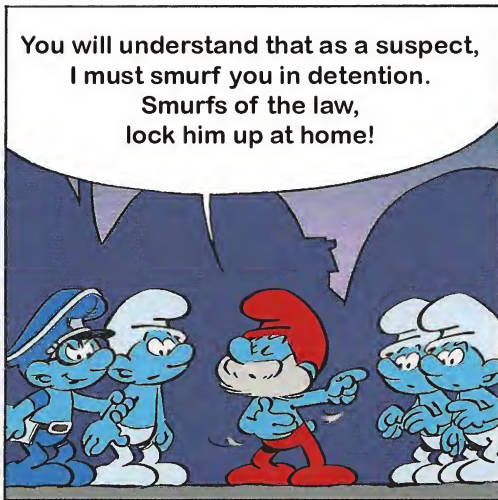

Tomorrow,  
it may be  
too late!

Yeah!  
What if he smurfs  
another stunt like  
that?

You will understand that as a suspect, I must smurf you in detention. Smurfs of the law, lock him up at home!

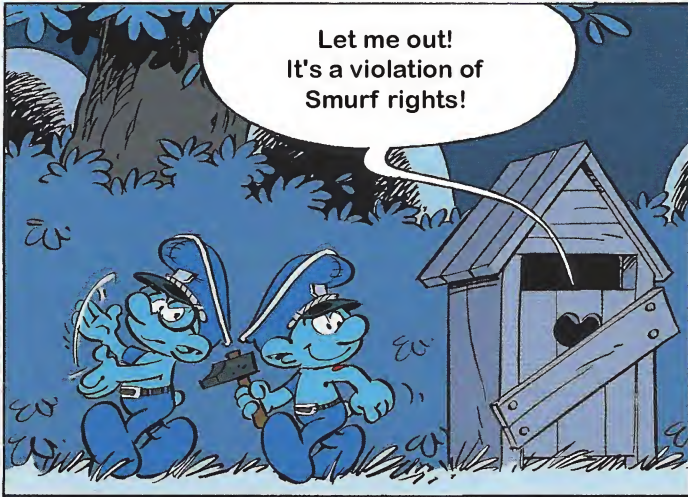

At his home, it won't smurf anything. He will escape!

He must be smurfed in prison!

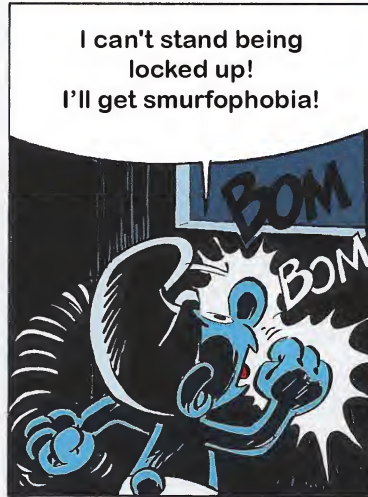

But we don't have a prison! We are no longer at the time of King Smurf.

I have an idea, Chief!

Let me out! It's a violation of Smurf rights!

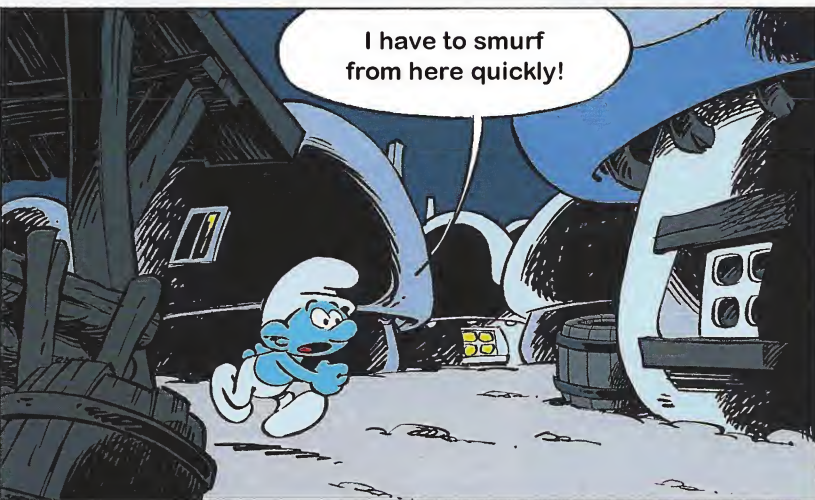

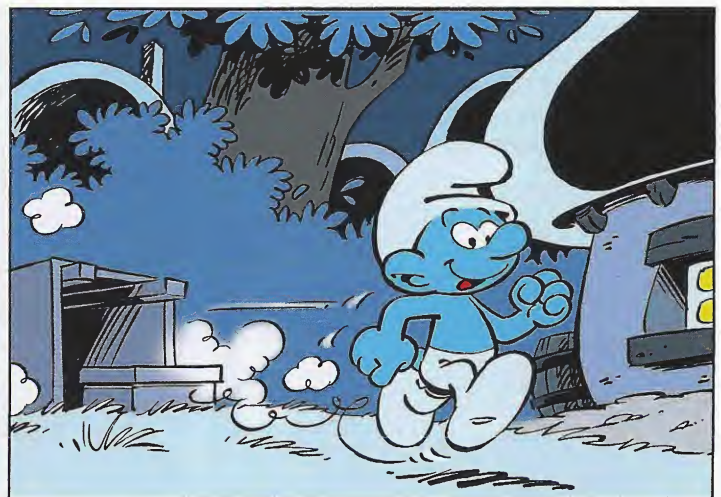

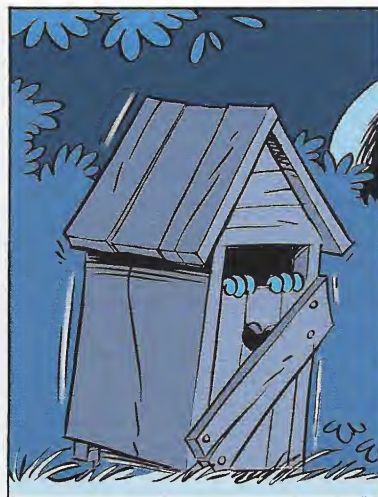

I can't stand being locked up! I'll get smurfophobia!

AAAAH!

I WANT OUT!

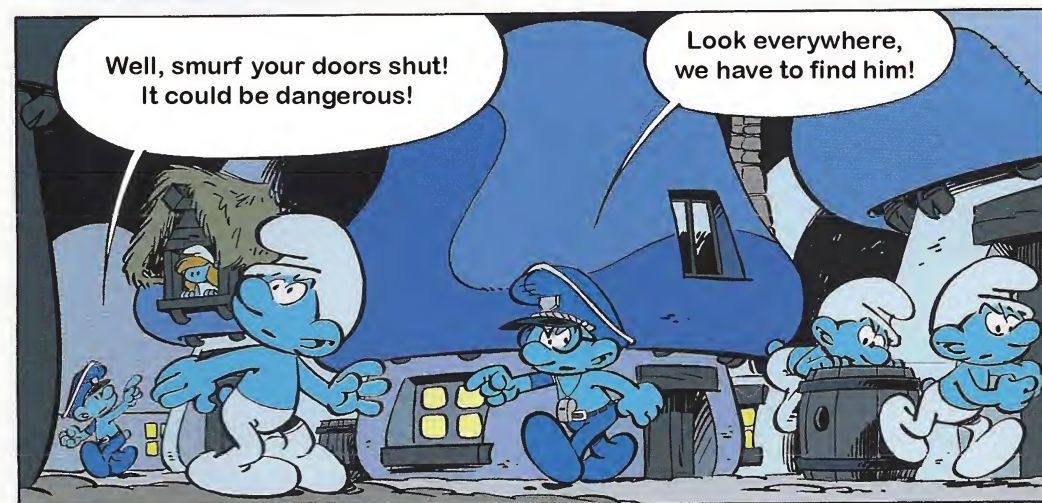

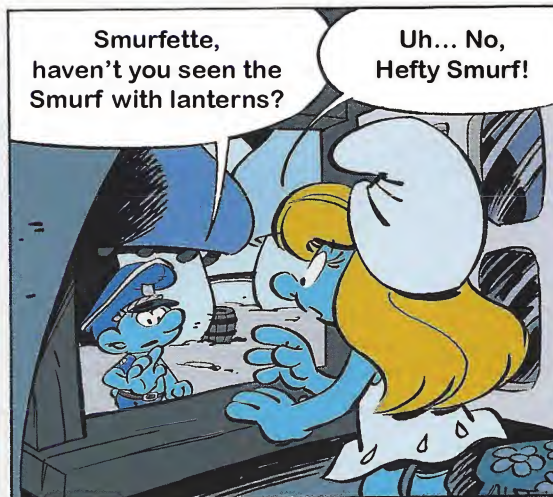

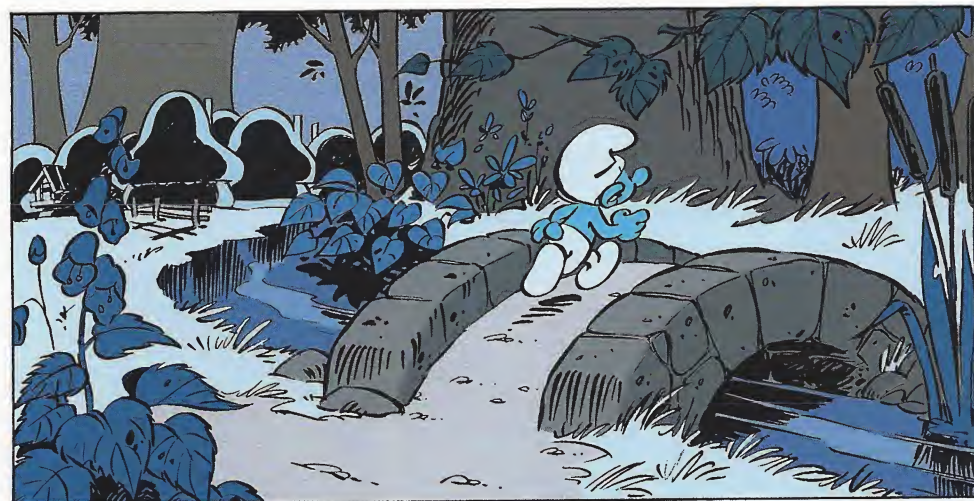

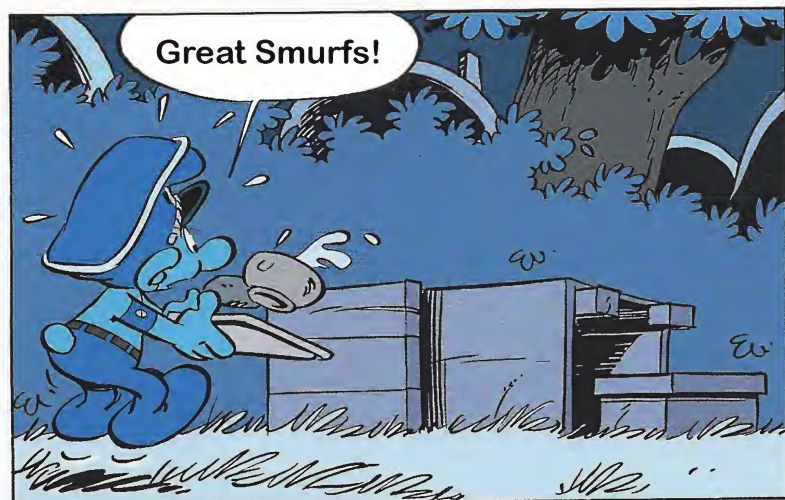

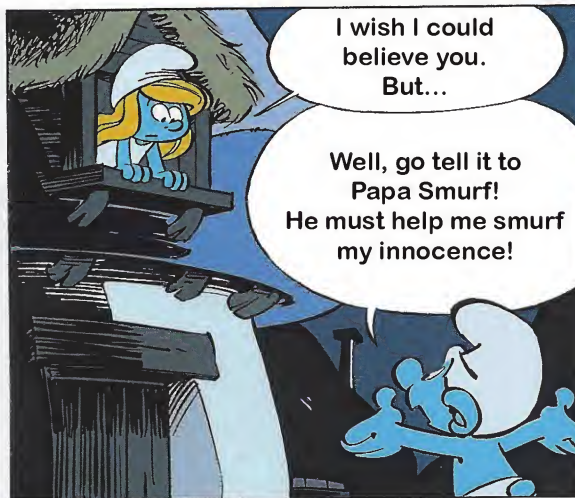

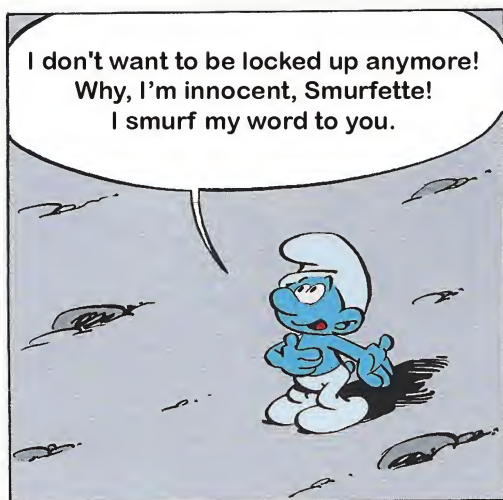

I have to smurf from here quickly!

Smurf with lanterns! Are... are you running away?

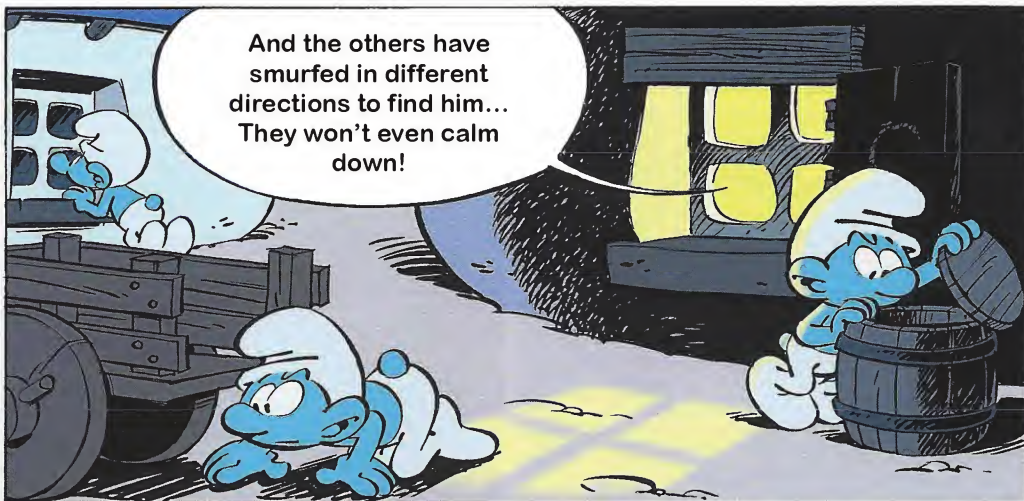

He ran off into the woods,  
but he says he's innocent.  
This story is smurfingly strange!

And the others have  
smurfed in different  
directions to find him...  
They won't even calm  
down!

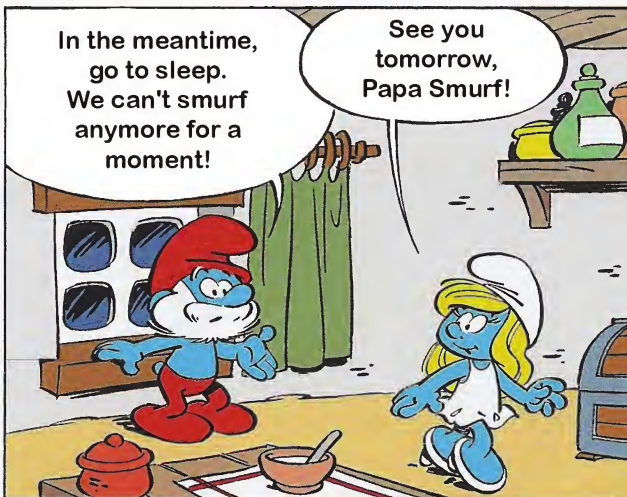

Tomorrow morning,  
we must examine the pantry.  
You'll have to smurf the key to this  
mystery before anything goes wrong.

In the meantime,  
go to sleep.  
We can't smurf  
anymore for a  
moment!

See you  
tomorrow,  
Papa Smurf!

**HALT!**

Who goes there?

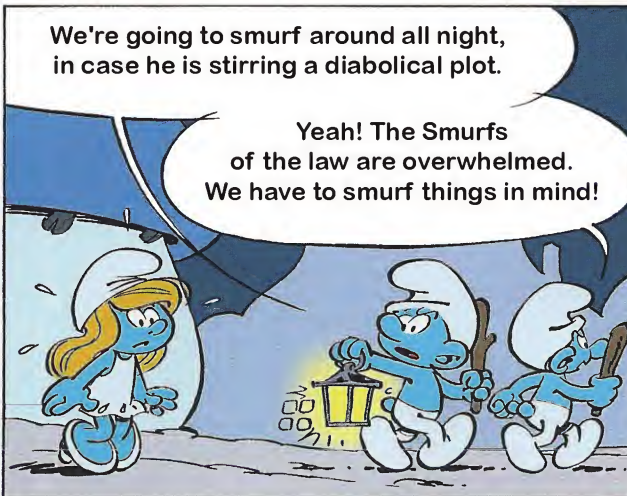

It's  
me!

You shouldn't be outside,  
with the saboteur Smurf on  
the loose!  
Get inside quickly!

We're going to smurf around all night,  
in case he is stirring a diabolical plot.

Yeah! The Smurfs  
of the law are overwhelmed.  
We have to smurf things in mind!

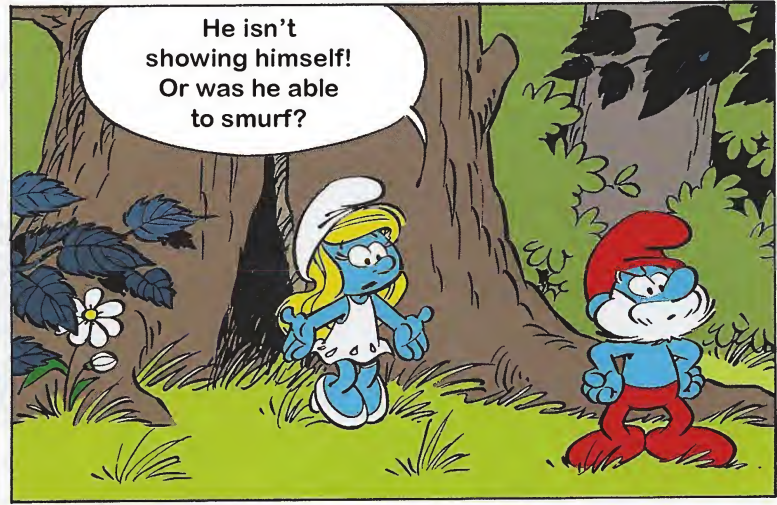

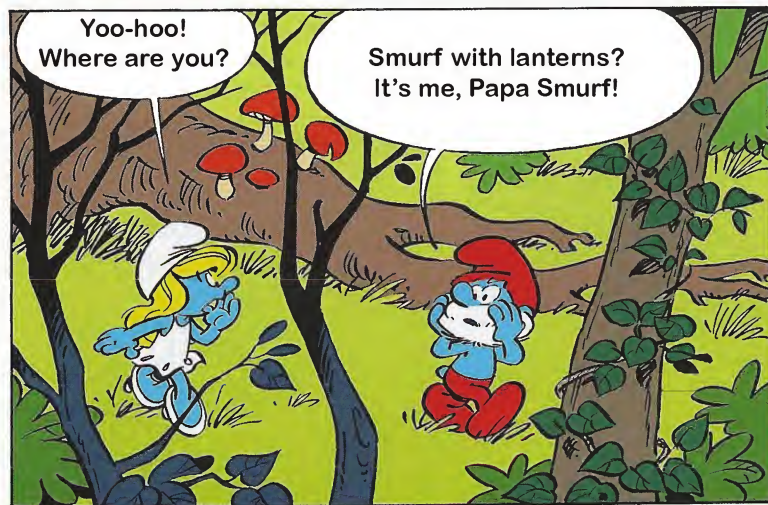

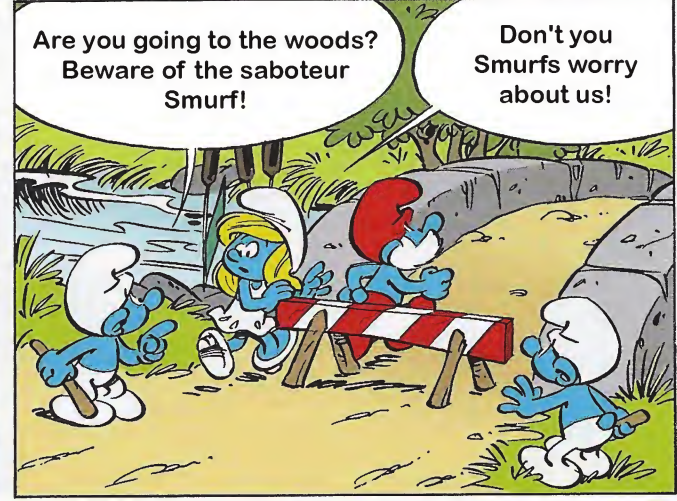

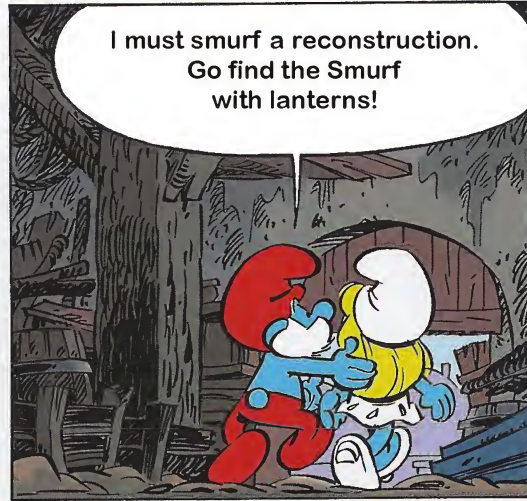

The Smurf with lanterns  
did go off well into  
the woods.  
He's safer over there!

**HOOT-HOOT!**

He'll eat and rest for now.  
This afternoon, we will smurf a  
reconstruction of his arrest.

Of his arrest after the fire?

No, from his  
first arrest!

Personally,  
I don't know how long it  
will smurf!

Me neither, Chief.  
We know he's guilty!

In the afternoon...

You, go in the pantry.  
You will smurf just like  
the other day!

Yes,  
Papa Smurf!

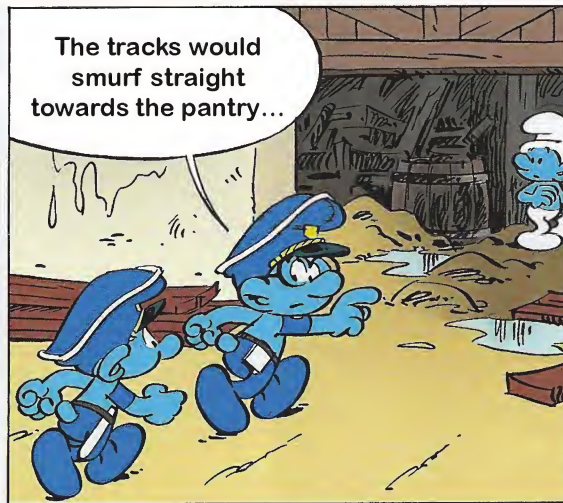

Well!  
How does the  
arrest go?

As a matter of fact,  
I just smurfed his tracks,  
with a magnifying glass in  
my hand...

Hey! Where did  
I smurf it, this  
magnifying glass?

Never mind,  
continue!

The tracks would  
smurf straight  
towards the pantry...

I smurfed a big kick in  
the door!

When he saw us,  
he tried to smurf through the  
window. He struggled to...

I intervened and I helped  
Hefty Smurf to retrieve him!

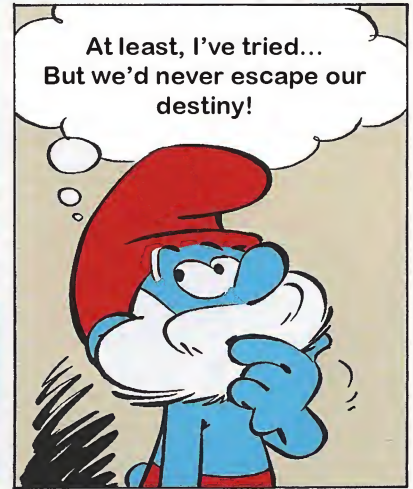

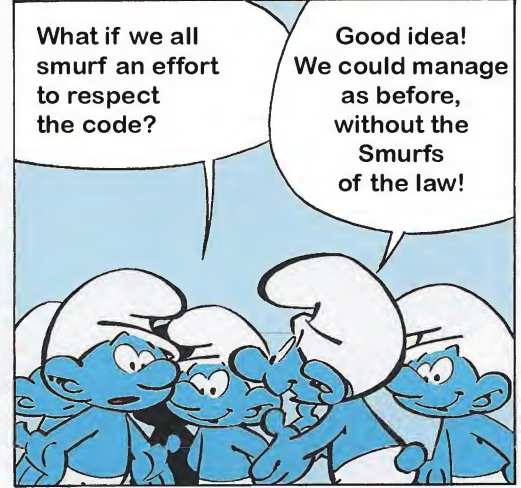

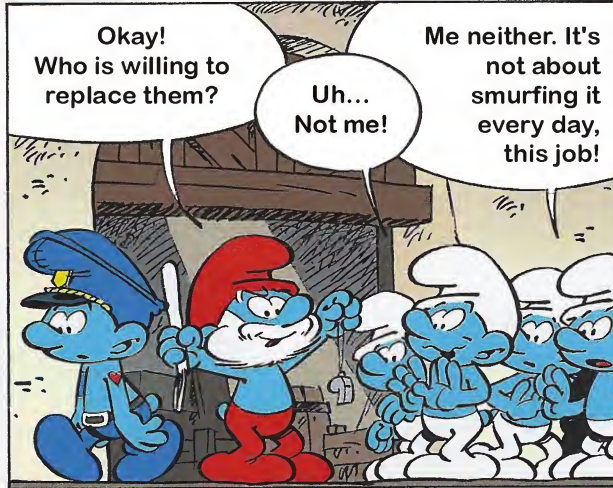

With one  
hand?

Huh?  
Why do you smurf that?

In the evening, the closing ball of the fair is a great success... without service of the law and without a saboteur!
